PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following Telegram from Colonel STRACHEY, Simla, to Secretary to Government, Madras, dated 5th May 1863 :—

All original works and Budget and Supplement List passed, excepting Verandah of Controller Military Finance twelve thousand Rupees, and a reduction of eleven thousand Rupees, (to adjust the total grant) from Cocanada iron bridge—in some cases sanctioned contingent.

ORDER THEREON, 18th May 1863, No. 1,248.

1. Communicated to the Superintending Engineers of Divisions, the Controller and Auditor of Public Works Accounts and the Accountant General for information and guidance.

2. The Supplemental List, which is stated to have been passed, will now be circulated to the Superintending Engineers with instructions to order the immediate commencement of such of the works the Estimates for which have already been sanctioned. Estimates for the other works should be submitted with as little delay as practicable.

3. The Superintending Engineer 4th Division will observe that of the works entered in the List, the construction of the Verandah to the Office of the Controller Military Finance (12,000) has been refused sanction by the Government of India. He is, moreover, reminded that a sum of 5,000 Rupees has already been granted from the Reserve for the buildings required for the Incorporating Mills expected from England for the Gun Powder Manufactory, and he is requested to state whether the sum of Rupees 10,000 provided for them in the Supplemental List adverted to above is required in addition to that amount. The Estimate for the work last mentioned, required in the Proceedings of Government dated 16th February* 1863, No. 396, should be submitted before any large outlay is incurred.

* Paragraph 2.

† Rupees 13,000.
" 50,000.

4. The two sums marginally† noted are provided in the Supplemental List for the Chutterpoor and Vizagapatam Jails in addition to those transferred from the Chilka Lake and Jeypore road allotments for the collection of materials. The Superintending Engineer 1st Division will see that the total expenditure on these works does not exceed the estimated cost. It will be observed that the expenditure on the Iron Girder Bridge at Cocanada is restricted to Rupees 64,000. Definite orders will be passed regarding this work on the receipt of detailed instructions from the Government of India.

5. Provision to the full extent of the Estimate is made in the Supplemental List for the works noted in the margin,‡ but the Superintending Engineer 2nd Division will remember that Rupees 5,759 for the former and Rupees 3,000 for the latter were sanctioned in Proceedings Nos. 333 and 940, dated 10th February and 16th April 1863 respectively.

If these sums or portions of them have been already expended they must be deducted from the present grants. The savings may be proposed for other works.

6. The Inspector General of Mofussil Police has repeatedly urged upon Government the necessity for buildings in connection with his Department. The Superintending Engineers of Divisions are requested to place themselves at once in communication with Mr. Robinson (to whom a copy of this Order will be communicated) and to take such measures as may be necessary for the early completion of the works.

7. The Controller, to whom monthly Progress Reports will for the future be submitted, will see that no expenditure is incurred upon works not duly sanctioned by Government. The Superintending Engineers are also reminded of their responsibility in regard to any unauthorized expenditure by the Officers in their respective Divisions.
