*Proceedings of the Madras Government, Judicial Department,*
*28th July* 1864.

No. 310. Read the following Proceedings of Government in the Public Works Department :—

With reference to Proceedings in Judicial Department, sanctioning the construction of a road from Rajanagaram to Gokavaram at a cost not exceeding Rupees 7500 out of the assignment of Rupees 15,400, placed at the disposal of the Magistrate of the Godavery District for improving the communications in the Rumpah country, state that funds are not available from the allotment (Rupees 15,400) in question, Rupees 13,000 having been credited to the Reserve in Proceedings, No. 1159, dated 22nd April 1864. (Dated 14th July 1864, No. 2033.)

No. 311. ORDER THEREON, 28th July 1864, No. 1147.

Ordered that paragraph 2 of the foregoing Proceedings in the Public Works Department, be communicated to the Magistrate of the Godavery District. On the allotment of Rupees 3500 from the current year's Reserve being spent on the general communications in the Rumpah country, and on the road from Rajanagaram to Gokavaram, application will be made for an additional grant, if it is required for expenditure before the close of the Budget year.

No. 64. ORDER THEREON, 4th July 1864, No. 1,941.

1. In paragraph 109 of the Orders marginally noted, the Government desired the Superintending Engineers to submit on or before the 15th May 1864, Statements showing the works that were expected to be, but were not completed on the 30th April last, and for the prosecution of which during the current year no funds had been provided in the sanctioned Budget.

No. 381, dated 6th February 1864.

2. The papers recorded above are the Statements submitted in pursuance of these Orders, and from them the Government observe that no less a sum than Rupees 5,93,000 is applied for by the Superintending Engineers. Seeing however that the amount standing to the credit of the Reserve is a little more than Rupees 2,00,000 only, the Government are unable to allot a larger sum than Rupees 1,87,500 on account of incomplete works, and they request that in the event of funds not having been provided for works actually in progress, or for others, the completion of which it would not be advisable to defer, the Superintending Engineers will be good enough to furnish clear Statements, in the form given in the margin, showing the source from which the proposed outlay on each item is to be met.

| Name of work. | Amount of Estimate. | Date of sanction. | Expenditure up to 30th April 1864. | Balance of Estimate. | Proposed allotment for current year. | Source from which the proposed allotment is to be met. |

4. The attention of the Superintending Engineers is requested to the following remarks:—

FIRST DIVISION.

5. GANJAM.—Construction of a Sub-Magistrate's Cutcherry at Darangabaudy.

This work is in progress without an Estimate. The amount applied for, viz., 1,420, is granted, but the Plan and Estimate should be submitted without further delay.

6. Thirty huts for the Berhampore Jail guard. To admit of the completion of these huts, Rupees 168-12-5 are applied for. The amount required should be provided from the Budget allotment under the head "Police." The Superintending Engineer will accordingly communicate with the Inspector General upon the subject.

7. Making road from Aska to Darangabaudy.

The Superintending Engineer applies for Rupees 15,000, but the Government have been able to provide only Rupees 5,000. It is requested that the submission of the Plans and Estimates for the work may be expedited.

8. Road from Mojagodah to Sunkerakole.

Rupees 13,000 having been allotted in the current year's Budget, no additional funds have been provided.

9. Road from Aska to Russelcondah viâ Balleepudra, &c.

Road from Balleepudra to Kurchooly.

Rupees 8,000 have been assigned for these works in the Income Tax Budget, for 1864-65. An additional grant will, if possible, be hereafter made.

10. VIZAGAPATAM.—Sea Custom House at Vizagapatam.

Civil Dispensary at Bimlipatam.

The sums (Rupees 167 and Rupees 598) required for the completion of these buildings will be taken from the allotment for the work marginally noted.

Masonry works : Road No. VI, Rupees 18,130.

11. Enlarging the platform of the Karrassa Salt pans so as to accommodate 45 additional heaps.

As the full amount of the Estimate has been expended, no further funds will be assigned until full explanation is submitted of the causes which have led to the excess.

12. Constructing a Belfry in front of the Church at Vizianagram.

The Superintending Engineer applies for Rupees 458 only, but the Government have allotted the unexpended balance of the Estimate, viz., Rupees 878, and they request that arrangements may be made to ensure the completion of the work during the current year.

13. Zillah Jail at Vizagapatam.

Road from Gauzewaka to Nellimookoo.

Funds have been provided for these items in the Imperial Budget. Should a further assignment be hereafter required, the Superintending Engineer will report the circumstance for the information of Government.

14. Pettah Ghat Road. This work is in progress without an Estimate, the Superintending Engineer is requested to expedite its submission.

15. Rupees 546 are shown to be required for the repair of the Arsenal at Vizagapatam. As no portion of the "Reserve" can be appropriated to "Repairs" by this Government, the Superintending Engineer is requested to complete the work from the funds allotted in Part II of the Budget.

16. GODAVERY.—The Government attach great importance to the early completion of the Iron Lattice Bridge at Cocanada, but they regret their inability to provide the funds applied for by the Superintending Engineer from the current year's Reserve. Colonel Chambers will be

requested to report whether any portion of the assignment under the head "Dykes" or under any other head in Part II of the Budget can be diverted to the work, as if so, the sanction of the Government of India will be solicited to the proposed transfer of funds.

17. High Level Canal from Perekeed to Dendalore.

The estimated cost of this work is entered in G. O. No. 3,366, dated 18th November 1863, as Rupees 1,99,671. Deducting from this amount Rupees 1,95,873, the expenditure already incurred, the balance due upon the Estimate is only Rupees 3,798, which has been provided. The Superintending Engineer has already been informed in the Order above quoted that any excess over the Estimates must be sanctioned by the Government of India

18. The sum of Rupees 3,348 required for the Locks and Calingulahs in the Mundapettah Canal has been sanctioned from the Reserve in G. O. in No. 1,757, dated 17th June 1864.

SECOND DIVISION.

19. KISTNA.—For the completion of the work noted in the margin Rupees 1,006 are applied for. This amount has been provided in the Income Tax Budget for the current year. The Superintending Engineer has omitted to enter in his Statement the Imperial grant (Rupees 1,000) sanctioned in G. O. No. 492, dated 18th February 1864.

Road from Bezwarah to Ibrampatam.

20. The estimated cost of the Ilavaram Channel is entered at Rupees 2,705. The correct amount is Rupees 2,075 as per Proceedings of Government No. 1,694, dated 29th June 1863.

21. Excavating Sandall drainage Channel.

Sloping down the banks of the main Canal for the four miles from the northern flank of the Anicut.

No funds have been provided for these works owing to the remark in the Superintending Engineer's Statement that it is doubtful if labour will be procurable. The Order (No. 919 of May 1863) quoted opposite to the first item cannot be traced.

22. NELLORE.—Opposite to the two works marginally noted, the Superintending Engineer states that if the sums applied for from the current year's Income Tax grant be allotted, no further assignment will be necessary. Rupees 10,000 have been provided for the second work in the Income Tax Budget, and Rupees 6,700 are now sanctioned for the first item.

Ongole and Kollapatam road.
Road from Kistnapatam to Cuddapah frontier.

THIRD DIVISION.

23. CUDDAPAH.—Road from Cuddapah towards Kurnool.

The estimated cost of this road is entered at Rupees 60,000, but the revised Estimate sanctioned under date the 16th June 1864, No. 1,741, amounts to Rupees 62,000, which has accordingly been entered with an allotment of Rupees 10,000.

24. Road from Cuddapah to Madras. Rupees 158 required to complete the work have been allotted, but the Government remark that, including the amount now provided, the expenditure on the work will exceed the Estimate by Rupees 5,000.

25. BELLARY.—Constructing a Táluq Cutcherry at Hospett.

The sum (Rupees 177) applied for has been granted. The Government note, however, that this amount added to the expenditure up to 30th April 1864, exceeds the sanctioned Estimate by Rupees 337.

26. Head Assistant Collector's Cutcherry at Hospett. The sum* provided for this work is calculated with reference to the revised Estimate submitted by the Superintending Engineer.

* Rupees 2,189.

27. Construction of buildings for the accommodation of Range Offices at Kudlighe, Anantapoor, Raidroog and Pennakondah.

Road from Bellary to the Cuddapah frontier.

Pending the submission of the revised Estimates promised by the Superintending Engineer no funds will be provided for these works.

Sinking a Well in front of the new Hospital in the Cantonment of Bellary.
Cutting a Channel from a ruined Tank to Goontah in the Infantry lines.
* G. O. No. 1,657, dated 7th June 1864.

28. The two sums required for the completion of the works marginally noted, have been separately sanctioned.*

## FOURTH DIVISION.

29. PRESIDENCY.—Erecting a new Brass Furnace at the Gun Carriage Manufactory.

Removing Cook-room and Privies of the High Court and constructing a new Privy and Suitor's shed.

The Estimate for the first work is stated to have been forwarded to the Inspector General of Ordnance, and no Estimate appears to have yet been prepared for the second item. As both works are in progress, under orders, the necessary funds have been allotted, but the Superintending Engineer should obtain formal sanction to the Estimates at an early date.

30. Laying down cast-iron Pipes to convey water from the Seven Wells to the Incorporating Mills at the Gun Powder Manufactory.

The Estimate for this work is entered at Rupees 9,500, and Rupees 6,411 are stated to be required during the current year.

From the Orders marginally noted the Government observe that of the amount first mentioned Rupees 5,000 are provided in the Estimates for the erection of the two sets of Incorporating Mills at the Gun Powder Manufactory. As it has been found impracticable to allot any portion of the balance (Rupees 4,500) from the Reserve, the Superintending Engineer will be requested to report, with reference to paragraph 2 of these Proceedings, from what other source he would recommend that the funds should be provided.

No. 2,362, dated 19th August 1863.

31. NORTH ARCOT.—In this District works to the extent of Rupees 14,930 are proposed for execution out of the allotment in the current year's Imperial Budget for the Palaur and Poiney projects. If the works referred to form parts of these projects, the sanction of Government to their prosecution is unnecessary.

Lock-up rooms in the Taluq Cutcherry at Chittoor.
Two Wells for the security of Copper Coins in the Treasury at Chittoor.

32. As the works marginally noted appear not to have been commenced prior to the 30th April 1864, they should have been excluded from the lists under review.

## FIFTH DIVISION.

33. SOUTH ARCOT.—The Government have found it impracticable to allot more than Rupees 2,564 for the construction of Subsidiary Jails and Lock-ups in this District.

34. The undermentioned work should not have been entered in the Superintending Engineer's List as it was not in progress during the past official year:—

Range Office at Porto Novo.

35. SALEM.—Dividing the inner front yard of the Salem Jail into six work-yards by open wooden railing.

The full amount required has been allotted, and the Government hope that every effort will be made to complete the work at an early date.

## SIXTH DIVISION.

36. TRICHINOPOLY.—Forming Dindigul road. The previous year's allotment is given at Rupees 2,277. The Superintending Engineer should have noticed the transfer of funds sanctioned in the Orders marginally noted. As the work is reported not to be urgent, no provision has been made in these Proceedings for its prosecution during the current year.

21st April 1864, No. 1,143.

37. Grand Magazine at Trichinopoly.

The sanction of the Government of India has been requested† to the appropriation to this work of a sum of Rupees 16,055 from the Budget allotment (Rupees 1,00,000) for the Infantry Barracks at Trichinopoly.

† Letter No. 1,584, dated 31st May 1864.

38. In paragraph 6 of his letter recorded above, the Superintending Engineer, 6th Division, requests that the sum* required for the repair of the five Ranges of European Barracks at Trichinopoly may be granted from the Reserve Fund. As there is no "Reserve" at the disposal of Government for appropriation to "Repairs," Captain Bean will be requested to report the sub-divisional heads in Part II of the Budget for the Tanjore or Trichinopoly Districts from the allotments for which he would propose to divert the funds required.

* 9,469.

## SEVENTH DIVISION.

39. Opposite to the several works in the Statements submitted by the Superintending Engineer, 7th Division, the original allotments are entered without reference to the transfers subsequently sanctioned. This has entailed unnecessary labour on the Government Office.

40. Colonel Walker should have omitted from the Statements under review all works which had not been commenced prior to the 30th April 1864.

41. COIMBATORE.—Rupees 2,384 are applied for on account of the work noted in the margin, with reference to paragraph 8 of G. O. No. 941, dated 14th April 1864. The Superintending Engineer having, however, omitted to report whether any and what reductions can be made in the sub-divisional heads in Part II of the Budget to meet the increased allotment required under the head "Military," his attention will be called to the subject, and he will be reminded that the Government are precluded from allotting funds for Repairs from the Reserve.

White-washing the Military buildings at Wellington.

42. The funds required for the completion of the Andyoor bridge have been granted, but the Superintending Engineer should submit the revised Estimate for Rupees 1,330, at an early date,

Excavating a Reservoir in the Lines of the 18th Regiment Native Infantry at Cannanore.

43. MALABAR.—For the work noted in the margin Rupees 600 have been sanctioned as follows:—

| | | | RS. |
|---|---|---|---|
| Proceedings No. 1,086, dated 15th April 1864... | ... | ... | 400 |
| Proceedings No. 1,620, dated 3rd June 1864... | ... | ... | 200 |
| | | Total ... | 600 |

Of this amount Rupees 112 were expended up to 30th April 1864, and Rupees 200 have been allotted from the Reserve in G. O. No. 1,620, dated 3rd June 1864. The balance required is therefore only Rupees 288 which has been provided.

44. Store Room at Nellamboor.

Rupees 394 are applied for on account of the Store Room at Nellamboor. As the amount expended in 1863-64 was allotted from the Forest Budget, Colonel Walker will ascertain and report whether the balance cannot be provided from the same source.

45. Deepening the Well for the European Detachment at Calicut.

The Government have allotted the sum of Rupees 240 applied for, but they request that the report called for in paragraph 2, of Proceedings No. 1,478, dated 20th May 1864, may be furnished at an early date.

46. The Government are unable, at present, to comply with the Superintending Engineer's demand for a grant of Rupees 1,628 in addition to the Budget allotment of Rupees 10,000 for the Irrity bridge.

47. Of the sum of Rupees 15,000 required for the road from Malliapooram to Ponany Rupees 4,055 have been allotted in the Income Tax Budget for the current year.

48. SOUTH CANARA.—The Government having sanctioned the excess expenditure upon the bridge on the 4th mile of the Munzerabad road to be written off to "Profit and Loss," the amount now applied for, viz., Rupees 86, is unnecessary.

G. O. No. 1,702 dated 10th June 1864.

49. The unexpended balance of the Estimate (Rupees 1,840) for the bridge on the 17th mile of the Munzerabad road is shown to be Rupees 1,400, which has been provided. The

Government observe, however, that the expenditure on the work up to 30th April last amounted to Rupees 340. If this be correct, the sum requring to complete the work is Rupees 1,500. Colonel Walker will explain the cause of this difference.

50. The allotment for 1863-64 for the Cabinhalla bridge is entered as Rupees 350. Colonel Walker is requested to report the date and number of the Order sanctioning this allotment.

51. TINNEVELLY.—The allotments entered opposite to several works included in the Statement submitted for this District are incorrect. The Superintending Engineer's attention will be called to the subject, and he will be requested to see that more care is taken in the preparation of future returns required by Government.

52. The sums sanctioned in these Proceedings under the several Budget heads are as follows:—

| DISTRICTS. | Military. | Civil Buildings. | Agricultural. | Communications. | Miscellaneous Public Improvements. | Total. |
|---|---|---|---|---|---|---|
| | RS. | RS. | RS. | RS. | RS. | RS. |
| FIRST DIVISION. | | | | | | |

Order — 28 July 1863

In Pros: in this Dept. dated 26th May '63 No. 800, authority was granted for the outlay of Rs. 15,400 the estimated cost of improvements in the Rampah country, & in the same Order it was directed that the funds should be provided from the Public Works Budget. It is the unexpended portion of the allotment from the Budget grant, which has lapsed with the expired year, but the authority for the outlay still subsists, & disbursements upto the full extent of the sanction

Secretary's Copy

To
The Secretary to Government
Public Works Department

Sir,

I have the honor to request that you will be pleased to move Government to grant me authority to incur expenditure to the extent of Rupees 15,400 for the execution of the improvements in the Rampah country, which were sanctioned by the Government Order dated 26th May 1863 No. 800, and to direct that the funds required for the purpose be provided from the Public Works Budget.

2. The Government Order above referred to authorized the expenditure of Rupees 15,400 for the execution of the improvements in question, the sanction having been accorded to the estimate submitted by me on the 22nd April 1863.

3. The amount of Rupees 15,400 was provided in the Budget for the year 1863-64, but the whole of it has not been expended during the year, and the unexpended portion has lapsed with the year. I therefore request that the authority for the outlay may be renewed, and that the funds may be provided from the Budget grant for the current year.

I have the honor to be,
Sir,
Your most obedient servant,
(Signed) [illegible]
Executive Engineer

Rampah
23rd June 1863

340

sanction may be carried over several years as under renewed allotments from the Budget of each successive year. It was to the amount of the estimated and sanctioned outlay on the communications of the Ramnad Country, & not to the allotment from the Budget of the past year, that allusion was made in the Order of the 8th Nov 1916 — the sanctions given in this Order having reference more to the object or project on which the sums specified, a portion of the originals assignments, were to be expended, than to the provision of funds for proceeding with the work.

Ordered that para 2 of

of the foregoing Proc: in the Pub: Wks: Dept. be communicated to the Magistrate of the Godavery District. On the allotment of Rs 3500 from the current years Reserve, being spent on the general communications in the Ramnad Country, & on the road from Ramanagaram to Kanakapuram, application will be made for an additional grant if it is required before the close of the Budget year.
