*Proceedings of the Madras Government, Judicial Department,
5th September 1864.*

The horses of the Mounted Police have been hitherto watered by means of buckets which is found to be a very inconvenient method, and I have therefore the honor to request that I may be permitted to cause a brick and chunam trough to be built for this purpose, such as is in use with Mounted Corps.

2. The cost will not exceed 56 Rupees, and can be met from the item "Stable supplies."
