ORDER THEREON, 21st September 1864, No. 1388.

The above reports show that rewards to the amount of Rupees 7262-3-6 have been given under the provisions of G. O., No. 1380 of the 23rd August 1862, and similar special orders up to the 30th April last; but the irregular way in which rewards have been given renders it more than probable that this falls short of the real amount paid.

2. The purport of the order above quoted, which appears perfectly distinct, seems to have been generally misunderstood.

3. It is distinctly laid down in paragraphs 1, 2 and 3 of the order that Magistrates, and they alone, are to give rewards to those embraced in Class 1; that the Inspector General of Jails, and Judges of Session under his orders should award to Class 2; and the Inspector General of Police to Class 3; and the provision in paragraph 7, that the rewards payable to the three classes should be passed against the Magisterial, Jail, and Police Budgets respectively, would appear to render an irregular award impracticable.

4. The officer sanctioning the reward under the order should have entered it in his Return. In more than one instance officers enter a reward, stating that it was sanctioned not by themselves, but by the Inspector General of Police—of Jails, as the case may be; and in one case rewards of Rupees 140 (paid for re-capture of con-

been given re

victs who escaped from Vellore) is entered in no Return, the Magistrate remarking in a foot note that he had not entered it, since it was sanctioned by the Inspector General of Jails, who omits any notice of it.

5. The rewards to Classes 1 and 2 were sanctioned for offenders *convicted*. It should in all cases be stated that the offender, for whose apprehension the reward was given, was convicted.

6. The *professions* ascribed to persons rewarded are often doubtful. "Private," for example, may mean not official, or not a Head Constable. They are, in some cases, altogether omitted.

7. The late date on which these simple Returns, due in May, were in some cases submitted, is not creditable to the officers concerned. The Returns from Salem, Trichinopoly, and Malabar were despatched late in July, and from the Kistna and Tanjore on the 30th and 31st August only, that in the former case being blank.

8. No letter of cover is required for Returns such as these; any remarks which may be necessary should be entered on the face of the Return itself. The amount of paper used is unnecessarily great; by a little saving of space most of the Returns might have been contained in half a sheet of foolscap. In one case a Return easily compressible into half a sheet is made to occupy two and a half. This is a point on which economy is not only easy and free from convenience, but actually tends very much to the convenience of those who have to peruse the Returns.

For apprehending an offender Vedukuri Malireddi.

These rewards were sanctioned by Government in their orders of the 25th August 1862 No. 1383 and 19th March 1863 No. 436.

There is a decrease of Rs A P 0-9-1 in the rewards disbursed for the apprehension of this offender while there is an increase of an equal amount in those for the apprehension of Pandu Chelligadu & Pandladu. This is to be accounted for by most of the men being engaged in the capture of both parties and the reward being considered as reward for the first capture.

Order thereon 21st Septr 1864 No. 1388.

The above reports shew that Rewards to the amount of £ 7262: 3: 6 have been given, under the provisions of G. O. No 1300 of the 23d Aug. /62 & similar special orders up to the 30th April last - but the irregular way in which rewards have been given renders it more than probable that this falls short of the real amount paid.

2. The Import of the order above quoted, which appears perfectly distinct, seems to have been generally misunderstood. —

No 1888 dated 31st Augt 1864

Judl Dept

Forwarded

No 177

Dated 1st Septr 1864

Returned herewith, having by the Magte & Dists of Conjeeveram from April 1863 to the end of March 1864.

3. It is distinctly laid down in Paragraphs 1. 2 & 3 of the order that Magistrates and Heads alone are to give rewards to those embraced in Class 1 — That the Inspec. Gen. of Gaols and ~~Superintendents~~ Judges of Session under him orders should award to Class 2 — And the Inspec. Genl. of Police to Class 3; and the provision in Paragraph 7 that the rewards payable to the three classes should be passed against the Magisterial, Jail, & Police Budgets respectively, would appear to render an irregular award impracticable.

4. The officer sanctioning the reward under the order ~~sanctioned~~ should have entered it in his return. — In nine instances officers enter a reward, stating that it was sanctioned not by themselves, but by the Inspector Genl of Police — of Gaols, as the case may be: — and in one case a rewards of Rs 140 (paid for recapture of convicts who escaped from Vellore) is entered in no return — the Magte remarking that he in a foot note that he had not entered it, since it was sanctioned by the Inspector Genl of Gaols — who omits any notice of it.

5. The rewards to classes 1 and 2 were sanctioned for offenders convicted. — It should in all cases be stated that the offender for whose apprehension the reward was given, was convicted.

6. The professions ascribed to persons rewarded are often doubtful. "Private" for example may mean not-official, or not a Head Constable or they are, in some cases, altogether omitted.

7. The late date on which these simple returns, due in May, were submitted, is in some cases not creditable to the officers concerned. The returns from Salem Trichinopoly & Madura were despatched late in July, and from the Kistna and Tanjore on the 30th and 31st August only, that in the former case being blank.

8. No letter of cover is required for returns such as these — any remarks which may be necessary should be entered on the face of the return itself.

The amount of paper used is unnecessarily great — by a little saving of space most of the returns might have been contained in half a sheet of foolscap. — In one case a return easily compressible into half a sheet ~~was~~ is made to occupy two and a half.

This is a point on which economy is not only easy and free from cost but actually tends to convenience, inasmuch as the convenience of those who have to peruse the returns.
