Proceedings of the Madras Government, Judicial Department,
30th September 1864.

Read the following papers:—

No. 250. From Colonel G. W. Y. SIMPSON, Inspector General of Ordnance and Magazines; to the Chief Secretary to Government, Fort Saint George, dated 13th September 1864, No. 129.

Ordnance Department.

With reference to the Proceedings of Government, No. 1077, dated 16th July 1864, in the Judicial Department, directing the provision of two Water Carts to be attached to each of the Fire Engines distributed about the town, I have the honor to state, that the total number of Fire Engines that will, in accordance with Proceed-

ings of Government, No. 370, dated 15th March 1864, be eventually distributed throughout the town, is 20, as shown in the margin; and as two Carts are to be attached to each Engine, 40 Carts will have to be made up.

2. I enclose drawing of a Cart prepared in conformity with Colonel Wilson's suggestion, the cost of which, when made up, will be about Rupees 81-2-6, inclusive

of materials, at which rate the cost of 40 Carts will be Rupees 3246-4-0.

3. If Government desire that these Carts should be at once put in hand, I will include a sum of 200 Rupees for contingencies in my Regular Estimate to meet expenses for extra Artificers at about 25 Rupees per Cart.

Referred to the Commissioner of Police for his opinion.

(Signed) J. D. SIM,

Secretary to Government.

No. 251. From Lieutenant Colonel W. J. WILSON, Commissioner of Police; to J. D. SIM, Esq., Secretary to Government, Fort Saint George, dated Madras, 24th September 1864, No. 104.

I have the honor to return the letter from the Inspector General of Ordnance and Magazines noted in the margin,

13th September 1864, No. 129.

together with its enclosure, and to suggest that only a certain number of Carts should be made up, and attached to the Engines stationed in the undermentioned localities which are the most important:

2. In my letter of the 16th July last, No. 70, I recommended that the Casks should contain 50 gallons each, but upon further consideration I am of opinion that they ought not to hold less than 80 gallons.

No. 252. ORDER THEREON, 30th September 1864, No. 1438.

The Governor in Council sanctions the construction, for the present, of 16 Fire Engine Water Carts, with Casks having a capacity of not less than 80 gallons each.

2. The Inspector General is authorized to make the necessary provision for the work in his estimate.
