ct of paragraphs 83 to 92, and paragraph 104, from the North-Western Provinces' Police Manual.

eading of General Police Fund Account.—83. The accounts of the General Police should be kept under the following headings—(Vide Appendix No. 27.)

1.—Municipal.
2.—Cantonment.
3.—Jail.
4.—Guards, Escorts, and additional Police parties under Sections 13, 14, and 15 of Act V of 1861.
5.—Processes, Rewards, and Forfeitures under Section 41, Act V of 1861.
6—Savings of Establishment.

It will be necessary to explain each of the headings noted above.

nicipal and Cantonment.—85. Every town, city, or bazaar to which Act XX of 1856, ich the system of town duties, or octroi is or may hereafter be extended, is required to he entire cost of the Police which has been allotted to it.

Only so much of the Municipal Fund receipts, however, can be claimed, as suffice to e expense of the Police, the surplus being at the disposal of the Magistrate for lighting, nd conservancy. The same rules apply to payment of Cantonment Police. For further rs regarding Municipal Police vide " Watch and Ward."

87. The Pay Abstracts includes the whole permanent Police Force, Municipal and Cantonment included. Punctual disbursement of pay is thus secured to every member of the Force. When the amount realized on account of the above funds is paid to the District Superintendent, he immediately re-pays the amount to the Treasury, to be credited to Government under heading "Police." The amount received by him he credits in his accounts of the "General Police Fund;" the same amount he debits himself with, per contra, as remitted to the Collector. The remittance will be made in cash, with a Memorandum in the following form; the Collector furnishing District Superintendent with a receipt in corresponding form :—

The District Superintendent of Police, in the District of remits to the Collector the sum of Company's Rupees to be credited to Government in his "General Treasury Account," under the head of "Police," as follows, viz.,

		Rs.	A.	P.
On account of Municipal Police of	for the month of	0	0	0
On account of Cantonment Police of	for the month of	0	0	0
	Total Rupees...	0	0	0

Jail Guards.—88. The strength and cost of the permanent Jail Guards have been fixed by the Inspector General of Prisons, and each District Superintendent has been informed thereof. As Officers in charge of Jails have been authorized to draw advances from Treasuries to meet jail charges, punctual payment of the Guard is secured, and therefore the actual cost should be deducted from the Pay Abstract for which audit is claimed. The receipts, and the payments to the Jail Guard, should be entered in the accounts of the "General Police Fund."

Guards, Escorts, and additional Police Parties under Sections 13, 14 and 15, Act V of 1861.—89. Rules regarding Guards, Escorts, &c., will be found under heading (Police), hence we have only to treat regarding the disposal of the money received on this account. Every Guard, Escort, and additional Police Party is paid for in cash, and can only be furnished on receipt of cost. They should be charged for in full, whether composed of men specially entertained under sanction of Deputy Inspector General, or whether they are drawn from the Force in reserve. All proper and authorised charges, on account of such additional Police, will be defrayed by the District Superintendent and brought into his accounts of the "General Police Fund." At the close of the month the balance in hand will be deposited in Treasury under "General Police Fund."

Processes, Rewards, and Forfeitures.—90. Under Section 41, Act V of 1861, all sums received under these headings are to be paid into the "General Police Fund."

91. Processes will be served by Police (paragraph 36, Resolution 767 A.), but wherever fees have been usually charged under existing laws and practice for the serving of the same, those fees will be paid as before. The sums received will be entered in the General Register of Warrants, and other Processes (vide Appendix No. 9), and after entry in the accounts of the District Superintendent will be deposited by him under heading "General Police Fund."

92. For further explanation of the Rewards, and Forfeitures, and Penalties mentioned in Section 41, Act V of 1861, vide paragraph 65 of Resolution of Government, No. 767 A. of 2nd July.

Purposes for which the "General Police Fund" is applicable.—Paragraph 104. Except under the special sanction of Government the "General Police Fund" is only applicable for the following purposes:—

1. To the re-payment to Government of the cost of all Police, whether Municipal, Cantonment or Ferry, or forming Jail Guards, whose cost, though included in the Pay Abstracts, will be provided for by special payments on the part of the "Magistrate of the District," the "Cantonment Joint Magistrate," or the "Officer in charge of the Jail."

2. To the pay of additional Police Parties furnished under Sections 13, 14, and 15, Act V of 1861, to Public Departments or Officers, or to firms or individuals; in those instances in which such parties cannot be furnished from the Reserve Force.
