Proceedings of the Madras Government, Judicial Department,
1st November 1864.

No. 1. Read the following letter from E. C. BAYLEY, Esq., Secretary to the Government of India; to J. D. SIM, Esq., Secretary to the Government of Fort Saint George, dated Simla, 29th September 1864, No. 2996.

Home Department.

With reference to the accompanying copy of the correspondence marginally

From Officiating Superintendent, Port Blair, No. 182, dated, 15th April 1864.
To Chief Commissioner, British Burmah, No. 424, dated 30th May 1864.
From Secretary to do. No. 636, dated 9th September 1864.

noted, regarding an application from the Superintendent of Port Blair for the services of an Apothecary to fill a vacancy, and of two additional Native

Dressers, I am directed to request that the Government of Madras will be so good as to send two Dressers to the Settlement.

2. It is not clear whether an Apothecary has been sent from the Pegu Division; and the Superintendent of Port Blair will therefore be instructed to apply direct to the Government of Madras for the services of an officer of that class, if the vacancy reported by him is still unfilled.

From Major B. FORD, Officiating Superintendent, Port Blair; to E. C. BAYLEY, Esq., Secretary to the Government of India, dated Port Blair, 15th April 1864, No. 182.

I have the honor to report, for the information of Government, the death at Chatham Island, on the 12th instant, of Apothecary O'Flaherty, Madras Medical establishment; also that two Native Dressers are sick, one not likely to be fit for duty for some time, consequently I would request that another Apothecary may be applied for, and sent here without loss of time; also that two Dressers be supplied to the Settlement, as at present Aberdeen and Haddo have no Medical Subordinate, and one is needed at both places, and one also for the new station on Mount Harriett is necessary from whence, at present consequent on the above casualty, I have had to withdraw the Native Doctor.

2. I would here take this opportunity of soliciting permission, in cases of casualty of this kind, to apply direct to the Major General Commanding, or Deputy Inspector of Hospitals in Pegu for a Medical Subordinate, if to be spared, from thence, as having to apply to you, and your requisition having to be sent on to Madras, a considerable time unavoidably elapses before one can arrive here.

From E. C. BAYLEY, Esq., Secretary to the Government of India; to the Chief Commissioner, British Burmah, dated Simla, the 30th May 1864, No. 424.

Home Department.

I am directed to transmit to you the accompanying copy of a letter from the Officiating Superintendent of Port Blair, dated the 15th ultimo, No. 182. The Governor General in Council is pleased to sanction the proposal that the Superintendent should apply direct to the Major General Commanding, or to the Deputy Inspector of Hospitals for a Medical Subordinate in case of a casualty, provided the sanctioned establishment is not exceeded. I am to remark, however, that the present application made for Native Dressers is very vaguely expressed, it being left doubtful, in the first place, whether it is intended that the two Dressers required for Aberdeen and Haddo shall be an addition to the Medical strength of the Settlement, or only in substitution of those reported to be sick; and, in the second place, whether the Dresser required for Mount Harriett is to be a distinct appointment.

2. It is requested that, in future, all such applications may be accompanied by a tabular Statement in the usual form, showing exactly what is required.

*Proceedings of the Madras Government, Judicial Department,
1st November 1864.*

From H. N. DAVIES, Esq., Secretary to the Chief Commissioner, British Burmah, and Agent to the Governor General; to the Officiating Under Secretary to the Government of India, Home Department, Fort William, dated Rangoon, 9th September 1864, No. 636. I have the honor, by direction of the Chief Commissioner, with reference to your letter, No. 424, dated the 30th May last, on the subject of Medical Subordinates applied for by Major Ford for service at the station of Aberdeen and Haddo, in the settlement of Port Blair, I have the honor to state that Major Ford reports it was his intention to apply for two additional Dressers for those places where they are much required. Of the two Dressers at present attached to the Settlement one does duty at Viper, and the other at Chatham; one of those Dressers is absent on sick certificate to Madras. The Native Doctor, who was brought from Mount Harriett to Aberdeen to take the place of the sick Dresser, is a convict. Should Government sanction two additional Dressers, he can be sent back to Mount Harriett where he was previously employed. I beg to enclose a tabular Statement on account of the two additional Native Dressers applied for by Major Ford. Application has been made to the Deputy Inspector General of Hospitals here; and he states the Dressers cannot be furnished from this Division.
