*Proceedings of the Madras Government, Judicial Department,
7th March 1864.*

Read the following papers :—

No. 104. From J. ROHDE, Esq., Inspector General of Jails; A. J. ARBUTHNOT, Chief Secretary to the Government of Fort Saint George, dated Ootacamund, 23rd February 1864, No. 594.

I have the honor to acknowledge the Order of Government 19th February 1864, No. 217, requiring to know if I propose advances to officers in charge of Jails of amounts larger than those sanctioned on the 8th August last, and to state that my letter of the 17th will have anticipated the order. The advances sanctioned have in many cases proved insufficient, and the list I sent is of the amount ordinarily required for contingent expenses. Where officers find it advisable to purchase grain immediately after the harvest the advance will be in the first instance larger.

No. 105. From J. L. LUSHINGTON, Esq., Acting Accountant General; to the Chief Secretary to Government, Fort Saint George, dated 29th February 1864, No. 404.
Book and Adjustment Department.

With reference to the Order of Government, No. 246, dated 25th instant, Judicial Department, I have the honor to request that you will inform me whether the advances therein sanctioned are to be considered as appertaining to the "Permanent Advance Fund" in addition to the scale sanctioned by Government in their Order 8th August 1863, No. 1280, regarding which a reference was made to the Inspector General of Jails in the Order of Government, No. 217, dated 19th instant.

2. An early reply is solicited for the issue of necessary instructions to Collectors.

No. 106. ORDER THEREON, 7th March 1864, No. 321.

The Governor in Council is of opinion that advances should be separately granted for meeting the ordinary current contingent expenditure of Jails, and for purchasing grain during harvest time. Advances for contingent expenditure are permanently granted, while advances for purchasing grain require to be renewed periodically. Advances for these two classes of expenditure cannot, therefore, be included in one sum and be dealt with under the same rules.

2. The arrangement adopted under paragraphs 3 and 4 of the Order of the 15th October 1862, No. 1698, in respect of advances for carrying on Jail manufactures, might be conveniently followed in granting funds for the purchase and storing of grain when supplies are plentiful and prices low. His Excellency in Council resolves accordingly to authorize all Collectors to grant advances to officers in charge of Jails on receipts counter-signed by the Inspector General of Jails, or under the specific sanction of the Inspector General. Such advances will be adjusted by one audited Bill in accordance with paragraph 2 of the Order of the 31st October 1862, No. 1790.

3. Mr Rohde will be careful not to sanction advances for storing grain in any Jail to an amount in excess of the credit available in the sanctioned Budget.

4. As regards advances for ordinary current contingent expenditure, the Inspector General of Jails is requested to submit a Statement showing the average monthly expenditure for each Jail, and twice the amount in each will be sanctioned in each case as a permanent advance for Jail contingencies only.

5. The Order of the 25th ultimo, No. 246, is cancelled. Copies of these Proceedings will be forwarded direct to all Collectors, and also to all officers in charge of Jails.
