*Proceedings of the Madras Government, Judicial Department,
15th March 1864.*

No. 186. Read the following Extract, paragraphs 1 and 2, from a Resolution of the Government of India, in the Home Department, under date the 18th February 1864.

Paragraph 1.—By the Resolution in the Foreign Department, dated 8th July last, it was left generally to the Home Department to make the necessary arrangements for transferring to the Civil Constabulary, throughout British India, the operations for the suppression of Thuggee and Dacoity hitherto conducted by a Special Department.

Paragraph 2.—Among the questions which consequently have now to be disposed of, the principal is that of the duties and salary which, under the new organization, may properly be assigned to the officer at the head of the Special Department. Lieutenant Colonel Hervey, it is observed, appears to misapprehend the intentions of Government on this point. The duties of the office will not be increased in importance, but on the contrary will certainly be diminished. In Native States Lieutenant Colonel Hervey will retain his former position as an Executive Officer under the Foreign Department; but in respect of British territory he will, in future, be merely a Consultative Officer connected with the Police branch of the Administration, and, as such, responsible to the Government of India for the proper performance of the following duties:—

Firstly.—He will be charged with the statistics and with the custody of all valuable records in this branch of Police business.

Secondly.—He will promptly communicate all important and useful intelligence to the Local Inspectors General of Police.

Thirdly.—He will be the referee to whom the Local Inspectors General of Police, and also the Local Governments and Administrations can resort for advice, or when special information from the records is required.

Fourthly.—He will retain charge of the Depôt of approvers at Jubbulpore.
