*Proceedings of the Madras Government, Judicial Department,
11th May 1864.*

No. 100. Read the following letter from J. BHIMA ROW, Secretary to the Municipal Commission, Civil Pettahs, Bellary; to the Chief Secretary to the Government of Madras, dated Bellary, 23rd April 1864, No. 28.

With reference to Section 13 of Act XXVI of 1850, which requires the accounts of the Municipal Commissioners, together with a statement of works executed by them, to be submitted to Government on or before the 30th of April in every year, I am directed by the Municipal Commission of the Civil Pettahs of Bellary to solicit that you will favor them with information regarding the form in which such accounts and statements are to be prepared.

No. 101. ORDER THEREON, 11th May 1864, No. 686.

The Governor in Council will require only an ordinary Account Current showing the receipts and disbursements of the Municipal Commissioners, certified as correct by the President. In the statement of work executed, the sum expended on new works, should any such be executed, should be distinguished from that expended in repairs, lighting, &c.

2. His Excellency remarks, however, that the Municipal Commissioners' request for information on these points before any rules for bringing the Act into operation have been submitted to Government, is premature; the rules should now be drawn out and submitted with the least practicable delay.

3. The Governor in Council desires that the correspondence of the Municipal Commission with the Government shall, in future, be conducted by the President.

Indraul -

The Towns Improvement Act has been extended to the Civil Pottahs of Bellary - but the Municipal Committee have not framed & obtained sanction to the Rules for putting the Act in force. These Rules ^{will} provide among other things for the appointment, &c., of the establishment, the rates of assessment or impost, & the application of the funds. Until the Rules are sanctioned, it cannot be expected that forms of accounts &c., can be laid down. Ought not the President of the Committee, & not their Secretary, to be the "channel of communication" with the Govt.?
