*Proceedings of the Madras Government, Judicial Department,
19th January 1864.*

No. 126. Read the following letter from C. F. CHAMIER, Esq., Registrar of the High Court of Judicature at Madras, Appellate Side; to the Honorable A. J. ARBUTHNOT, Chief Secretary to Government, Fort Saint George, dated Madras, 31st October 1863, No. 111.

I am directed to enclose, for the information of Government, copy of a letter dated the 9th instant, from the Principal Sudder Ameen of Calicut, suggesting the limits within which he should exercise the special jurisdiction with which he has been invested by Government under (Madras) Act IV of 1863. The Judges are of opinion that the limits should be on the *north* the Ellatoor river, on the *east* the canal, on the *west* the sea, and on the *south* the Beypore river; and they recommend that a Notification be issued accordingly.

From K. KELLOO NAIR, Principal Sudder Ameen of Calicut; to THOMAS WILKINS, Esq., Deputy Registrar of the High Court of Judicature, Madras, dated Calicut, 9th October 1863, No. 111.

With reference to the order of Government, dated 25th September 1863, No. 1551, investing me under Sections 4 and 5 of (Madras) Act IV of 1863, with special jurisdiction in the town of Calicut, I have the honor to request the Honorable the High Court to obtain for me the further orders of Government as regards the limits to be attached to the above town.

NOTE.—I understand that the powers of a Justice of the Peace within the town of Calicut extend from the Ellatoor to the Beypore river.

2. Looking at the rough sketch herewith submitted, it appears to me that the Calicut town is bounded on the east by a canal and river, on the west by the margin of the sea, on the north by the Ellatoor river, and on the south either by the "Cullay," or by the "Beypore" river. The extent within these four natural boundaries is not on an average more than $1\frac{1}{2}$ mile east to west, and $7\frac{1}{2}$ miles north to south as far as the "Cullay" river, or 12 miles up to the "Beypore" river. The whole embraces only $3\frac{3}{4}$ square miles, and is divided into several small towns containing separate collections of houses of the several castes and creeds respectively.

3. Judging from past experience, I calculate on the number of suits likely to be filed yearly, within the said extent, to be under or about 150.

4. But I feel constrained to make this reference because I consider that an authoritative order is necessary, defining the limits of the locality within which it is the intention of Government that the special jurisdiction vested in me should be exercised, in order to place the question above any future doubt.

Registrar.
