*Proceedings of the Madras Government, Judicial Department,
1st July 1864.*

3. From an examination of the consumption of Quinine at Jeypore, I am of opinion that the supply has been liberal. The non-arrival of a supply in time appears to have been the fault of the Apothecary, who neglected to send in his annual Indent in time. The Indent, dated 15th February, does not appear to have reached Vizagapatam until 9th June, and 24 ozs. of Quinine indented for have been passed and supplied.

4. There is no desire whatever to stint the use of Quinine in these unhealthy Districts; about 14 lbs. of that article were supplied to the Upper Godavery works alone during last year. For the Police establishment at Nursipatam, strength about 260, 2 lbs. 1 oz. of Quinine were supplied during last year, of which only 11½ ozs. were expended.

At Seethanagram 8 ozs. of Quinine were expended during the year, and a like quantity supplied on Indent.

5. The Deputy Inspector General of Hospitals, Northern Division, has been instructed to supply whatever he considers necessary, bearing only in mind the requirements of the Military and Civil Medical establishments of the Division, the expenditure of which can be in a great measure foreseen and calculated.

No. 3. ORDER THEREON, 1st July 1864, No. 964.

Ordered that a copy of Mr. Shaw's letter of the 24th ultimo, be furnished to Mr. Carmichael, with reference to his letter of the 6th May last.
