No. 85. Read the following letter from Captain J. G. RYVES, R. E., Superintending Engineer, 1st Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Waltair, 19th August 1865, No. 727 :—

SIR,

Enclosures 2.

1. In accordance with the Order of Government in paragraphs 5 and 6 of G. O. No. 877, Judicial Department, a Committee (the Session Judge, Zillah Surgeon, and myself) assembled on the 15th ultimo, and decided on the alterations of and additions to the sanctioned plan of the Jail under construction at Vizagapatam. The plans and estimate of the additional cost of these alterations and additions are now being prepared by the Executive Engineer, and will shortly be submitted, with the Committee's report, for the consideration of Government.

2. But in the meantime, as there will necessarily be some delay before the orders of Government can be passed, I have taken upon myself to instruct Captain Beatty, the Executive Engineer, to commence sinking a well (in what will be the outer enclosure).

3. It is desirable to get the well finished as soon as possible (1) because we cannot lay the foundations of buildings in its neighbourhood until it is completed ; (2) because Convicts may be put into the completed portion of the Jail as soon as the well and cooking shed are completed ; and (3) because it is probable that the well will be very deep and take a long time to finish.

4. Captain Beatty estimates the cost of the well at Rupees 1,500 ,and informs me that a respectable man, accustomed to the kind of work, is prepared to take up the work on contract for that amount.

6. I have now the honor to submit for sanction the accompanying estimate and specification.

No. 86. ORDER THEREON, 5th September 1865, No. 2,586.

CIVIL WORKS, No. 13.

1. Under the explanation afforded, the Governor in Council sanctions the estimate, amounting to Rupees 1,500, for the construction of a well in the compound of the Zillah Jail at Vizagapatam.

2. The estimate for the Jail will now stand at Rupees 24,872. Of this amount Rupees 16,271* were expended up to the 30th April last, and Rupees 3,301 have been allotted during the current year, leaving a balance of Rupees 5,300, which is sanctioned from the Reserve under "Civil Buildings."

* As per Progress Report for July 1865.
