No. 292. Read the following letter from Captain J. F. FISCHER, R. E., Controller of Public Works Accounts, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Madras, 2nd October 1865, No. 1,423 :—

SIR,

1 Copy of Account.
1 Extract.

1. I have the honor to forward herewith copy of an Account in this Office, relating to advances to Civil Officers in the year 1864-65, together with an extract of paragraphs 6 and 7 from a letter* from the Accountant General, Public Works Department, on the subject.

* No. 1,106, dated 13th September 1865.

From this account it will be seen that there was a *cash* balance of Rs. 2,43,979-6-8 with the Civil Officers on the 1st May 1865, (2,20,000 of which appertain to the Sub-Collector of Godavery alone,) which will have to be deducted from the Budget grant of the current year in the issue of letters of credit for this year's requirements by Public Works disbursers. If these deductions are carried out, the Godavery credits in particular will be much below actual requirements, unless a corresponding addition be made to the allotment of that District, if it be decided that the charges on account of land taken up for public purposes (on which account Rupees 2,20,000 were advanced to the Sub-Collector) are to appear in this year's accounts. But so long as there is no grant or provision for such work in this year's Budget to which it can be applied, the cash balance of Rupees 2,20,000, with the Sub-Collector, must be returned to the Treasury.

2. In the same manner the cash balances with the other Civil Officers, who have no work duly provided for by Budget funds, should be returned to the Treasuries, or else the Treasury credits of the Public Works Department will be so much less than the Budget grant. I request, therefore, that the Superintending Engineers† may be instructed to report to this Office all such balances refunded to the Treasuries, accompanied by the Treasury Officer's Receipts in support of the same, in order that such sums may not be deducted by this Office from the Budget grants of the Districts concerned.

† Who apply to this Office for credits.

3. I have also to request the attention of Government to that part of the account showing the expenditure incurred by Civil Officers up to April 1865, but unaccounted for by them up to 15th September 1865, the date on which the annual accounts for 1864-65 were closed. The delay on the part of the Civil Officers in accounting for their expenditure was brought to the notice of the Accountant General, who issued a Circular thereon, but no improvement has taken place since, out of a total sum of Rupees 3,52,710-6-2 advanced to Civil Officers in 1864-65 only Rupees 54,569-2-0 were returned in the accounts of that year as expenditure, the difference, viz., Rupees 2,98,141-4-2, being exhibited as balance according to the account herewith sent.
