No. 149. Read the following Proceedings of Government in the Public Works Department, dated 11th November 1865, No. 3377.

Sanctioning an estimate of Rupees 1300 for alterations and additions to the Moonsiff's Court House at Cocanada, in the Godavery District. (Vide Proceedings, Public Works Department, dated 11th November 1865, Nos. 196—198).

No. 150. ORDER THEREON, 16th November 1865, No. 1638.

Communicated to the Civil Judge of Rajahmundry.

To the Civil Judge of Rajahmundry.

CIRCULAR N^o. 153.

SIR,

I have the honor to request that you will after carefully perusing the "Rules for the Superintendence and management of Jails in the Presidency of Fort Saint George" inform me of the probable cost of the maintenance of the Jail under your charge for the year 1866-67.

2. In the items of diet and clothing there will I apprehend be a great increase of cost while in providing temporary accommodation for the excess in the number of prisoners over that permitted by the Rules (Section XXVIII) there will be a heavy charge.

3. In conforming to the Rules regarding returns there must be an increased Establishment and a greater expenditure of Stationery to meet the former. I have proposed to Government to sanction a Writer on 40 Rupees monthly in all Jails and in the 1st Class Zillah Jails that the 20 Rupees Writer shall also be retained.

4. As it is necessary that proper appliances should be available for retaining the books and records of the Jails in order, provision should be made for this in your estimates. I should think 2 strong Almirahs with secure locks, a strong Cash Box, a strong box for the deposit of prisoner's property, a large writing table or desk for the Clerk or Clerks and one for the Superintendent, a writing table with secure drawers for the Jailer, 6 chairs or stools and some shelves for the less important papers would be necessary in each Office, exclusive of what might be needed in the Store room.

5. Proper scales, weights and measures (Rule 354) will have to be provided for daily use in victualling the prisoners, exclusive of the office balance, which must be kept properly adjusted together with the standard of height at the office.

6. In your Estimate of charges you will against Manufactures, have to charge the per centage due under Rule 244.

7. It will be necessary unless you can rely on the local market for an instant supply in sufficient quantity, that you should at all times be provided with material for hutting prisoners on the appearance of an epidemic as ordered by Government.

I have the honor to be,

Sir,

Your Most Obedt. Servt.

J. ROHDE,

Inspr. Genl. of Jails.
