Sir

In reply to Mems No. 218 - 31st Ultimo I have the honor to observe that no Committees have been Convened at either Madura or Palamcottah - the jails are so bad that it is impossible to improve the existing buildings except at a great cost -

2 If the Government think it necessary that any further proceedings should be taken I would further point out that the Medical Officer both at Madura & Palamcottah is in charge of the jail - there will therefore be only one Member beside myself -

I have the honor to be

Sir.

It was not intended
that the Committees ap-

of Government, under date

report on the existing Jails
at Madura and Tinnevelly.
It was shown in the
report of Messrs Ellis and

Madura, and it was
suggested

suggested that one block might be omitted from the plan. The duty therefore which the Committee at this station have to do is to examine the plan of the projected new Jail and suggest any alterations in it that they may deem requisite. I sincerely also Messrs Ellis and Rohde recommended the erection of a new Jail. For this Jail no plan has yet been prepared. The Committee which will consist of the Superintending Engineer or an officer of the Public Works Department specially deputed by him, and the Zillah Surgeon who has been appointed Superintendent of the Jail, should prepare a plan in communication with

Bellary
Cuddapah
Chittoor
Cuddalore
Chingleput
Kurnool
Mangalore
Nellore
Rajahmundry
Tanjore
Trichinopoly
Vellicherry

with the Inspector General of Jails, and submit it through the Superintending Engineer for the orders of Government. No time must be lost in carrying out these orders.

2. It is observed that reports called for in the order in question on the District Jails at the stations noted in the margin have not yet been received. Orders will be issued in the Public Works Department, calling upon the several Superintending Engineers to report what has been done in the matter.
