The Dispensary was, however, allowed to be continued for the relief of out-patients, but as it seemed doubtful whether, with the Lungherkann at Palamcottah, (which is henceforth to be the Civil Dispensary of the District,) this would be permanently necessary, the Principal Inspector General was requested to submit a report on the 1st of October, as to the effect of finally closing the Tinnevely Dispensary for in-patients, on the number of out-patients. This report has now been received and as it appeared that during the months of July, August, and September last, 1206, out-patients had resorted to the Dispensary for treatment, this Government has sanctioned the continuance of the institution for this class of patients, and the employment there of a 2nd Dresser. It is requested that this charge may be sanctioned by the Government of India as a permanent charge. A sweeper has, also, been allowed until the end of the present official year, by which time it is expected that the expense will be met from local sources. A Dresser for the Police Hospital at Cuddalore was not included in the additional Medical Establishment sanctioned for the Constabulary in Proceedings of the Government of India in the Financial Department, dated 14th April last, No. 1995, as it was expected that the services of the Medical Subordinate attached to the Depot Hospital at the same station would be available for attendance on the Police. The Depot Hospital has since been abolished, and consequently the employment of a special Dresser for the Police Hospital is unavoidable. Sanction for his salary, &c. as a permanent charge, is requested.
