*Proceedings of the Madras Government, Judicial Department,
8th April 1865.*

No. 79. Read the following letter from Colonel W. K. WORSTER, Barrack Master, Presidency, to the Honorable A. J. ARBUTHNOT, Chief Secretary to Government, Fort Saint George; dated 21st March 1865, No. 1609.

With reference to the Order of Government of the 21st February 1865, No. 106, I have the honor to state that the Superintendent Gun Carriage Manufactory is unable to provide boards or planks suitable for the Admirals and Glass Cases for the Appellate Court, and that it will be necessary to procure them from the local market.

2. The Inspector General of Ordnance and Magazine, therefore, requests me to obtain the sanction of Government for a grant of Rupees 240 to meet this charge, as "the articles have to be purchased in the market", and the cost has to be adjusted in due course by a contingent bill, as explained in his letter accompanying.

From Colonel G. W. Y. SIMPSON, Inspector General of Ordnance and Magazines, to the Barrack Master, Fort Saint George; dated 14th March 1865, No. 9948.
Ordnance Department.

With reference to the Order of Government, No. 106, dated 21st February 1865, received with your Binder, No. 1477, dated 25th February 1865, I have the honor to inform you that the principle enunciated by Government is followed by this Department, viz., the non-charging of a Civil Department for the value of supplies made from the Ordnance Stores, the cost of such articles forming a Book debit in the accounts of the Examiner of Ordnance accounts.

2. With reference to paragraph 9 of the Order* of the Supreme Government, No. 3837, dated 18th August 1863, which directs that "when one Department purchases articles for another in the market, the Department which makes the Indent must provide in its Budget Estimate for the cost, and place the supplying Department in funds by Transfer Receipt," it has been customary, as you are aware, for this Department to be supplied with funds when the supplies have not been estimated for, as in the present instance of the additional furniture required for the Appellate Side of the High Court, and I therefore beg to enclose copy of a letter from the Gun Carriage Manufactory, and an estimate showing the amount, cost of materials, and workmen, which it will be necessary to obtain from the local market, to enable him to make the supply.

3. The estimate amounts to 240 Rupees, the difference, Rupees 188-10-0, between this and the estimate you submitted to Government being the value of timber, &c., which will be supplied from the present stock of the Gun Carriage Manufactory; and, therefore, it will only be necessary for you to obtain the sanction of Government to an expenditure of Rupees 240, to be handed over to the Superintendent Gun Carriage Manufactory, to be adjusted in due course by a contingent bill.

From Lieutenant Colonel T. H. CAMPBELL, Superintendent Gun Carriage Manufactory, to Colonel G. W. Y. SYMPSON, Inspector General of Ordnance and Magazines, Fort Saint George; dated Madras, 4th March 1865, No. 241.

With reference to your Memorandum, No. 9622, dated 28th February 1865, I have the honor to inform you that the timber required for making up chairs can be used out of the stock in this Department, but boards for Admirals, Desks, and Glass cases, specified in the Proceedings* of Government, No. 106, dated 21st February 1865, are not available, and, therefore, timber for them must be purchased from the market, and funds provided for extra workmen to make up the whole of the furniture.

* Herewith returned.

2. I herewith forward the estimate called for by you.
