Proceedings of the Madras Government, Judicial Department,

16th May 1865.

In the 6th paragraph of the Resolution, it is proposed that Cantonment Magistrates be considered as Officers in ordinary Civil employment, and eligible for promotion to the Civil Department. This suggestion, I am directed to say, is in this case, there being no non-regulation officers, could obtain promotion; but, with the view of carrying out the principle adverted to in the Resolution, of holding out the prospect of advancement to the Cantonment Magistrates, His Excellency in Council thinks it very desirable that appointments to the Cantonment Magistracies in the 1st class stations, which are garrisoned by Madras Army, though not subject to the Government as regards their promotion, viz. by the Madras Government. All these are in each case, the Governor in Council understands that the salary of the Cantonment Magistrate has been fixed at Rupees 1000 per annum while in all the Cantonments in the Madras Presidency, the Cantonment Magistrates will be Officers in ordinary Civil employment, on salaries of Rupees 1000 per annum. In the opinion of His Excellency in Council, it would be well to give officers in the prospect of rising to better paid positions at the 1st class stations, which are garrisoned by Madras Army.
