Proceedings of the Madras Government, Judicial Department,
14th June 1865.

Read the following papers :—

No. 92. From P. GRANT, Esq., Magistrate of Coimbatore, to the Honorable A. J. ARBUTHNOT, Chief Secretary to Government, Fort Saint George; dated Ootacamund, 3rd June 1865, No. 60.

On the 4th of February 1865, the High Court of Judicature at Madras sanctioned an estimate forwarded by me, for Rupees 264, for making 12 Wooden Triangles, to be used in carrying out sentences of whipping, under Act VI of 1864, by the several Magisterial officers in this District. The amount was accordingly debited under the head "Law and Justice," under the unadjusted column in the Treasury accounts of this Collectorate for March 1865, and advanced to the Engineer's Department. The Accountant General, in reviewing the accounts, remarked that the order of the High Court was not sufficient for the advance, and that the amount should either be recovered, or adjusted without delay. I then wrote to the Assistant Engineer, Coimbatore Range, under whose superintendence the Triangles were ordered to be made, asking him to furnish me with a bill of actual charges, if the amount had been fully spent, and if not to return the money to my Treasury. On the 9th May 1865, the Assistant Engineer returned the full amount to my Treasury, as no payment had been made by him from it, but informed me that one Triangle was completed, and that five others would be delivered during the above month, and the remaining Triangles in June. As their cost should be paid this month, I request the sanction to debit the amount under the unadjusted column, as the state of the Permanent Advance Fund will not admit of the payment being made from it. Early orders are desirable. On receipt of the Statement of actual charges, the same will be included in the monthly Bill of contingent charges, to be forwarded to the Civil Paymaster, through the Board of Revenue.

Referred to the Deputy Auditor and Accountant General, who will be good enough to indicate the course that should be adopted for the adjustment of the charge in question.

No. 93. From F. LUSHINGTON, Esq., Deputy Auditor and Accountant General, Madras, to the Honorable A. J. ARBUTHNOT, Chief Secretary to Government, Fort Saint George; dated 10th June 1865, No. 39.

Book and Adjustment Department.

With reference to a letter from the Magistrate of Coimbatore, dated 3rd instant, No. 60, referred to me with your docket of yesterday's date, in order that I might point out the course to be adopted for the adjustment of the charge for making Wooden Triangles, necessary under the Whipping Act, I have the honor to observe that all that is now necessary is for the Government to authorize the Collector to advance the sum required, which will in due course be adjusted on the production of an audited bill.
