*Proceedings of the Madras Government, Judicial Department,
9th July 1860.*

No. 38. Read the following letter from *Æ. R. McDONELL*, Esq., Officiating Magistrate of Trichinopoly, to *T. PYCROFT*, Esq., Chief Secretary to Government, Fort Saint George, dated 30th June 1860, No. 99.

I have the honor to acknowledge receipt of the Order of Government dated the 30th of May 1860, No. 671, communicating to me the purport of a letter from the Colonial Secretary at Colombo
Dated 22nd May 1860.

2. In reply I beg to state that the Constable has succeeded in apprehending the prisoner Solomon Appayoo, who is charged by Messrs. Keir, Dundas and Co., with embezzlement and I have him now in safe custody.

3. The Prisoner denies ever having been in the Island of Ceylon, but the Constable is equally positive as to the Prisoner's identity.

4. There are no papers before me, nor have I any means of discovering even whether the party apprehended is the real delinquent. Under these circumstances I have the honor to request instructions as to whether I am to permit the Constable to deport the prisoner to Ceylon with a view to his being placed on trial before the authorities there.

—
No. 39. ORDER THEREON, 9th July 1860, No. 853.

Proceedings of the Madras Government, Judicial Department.
15th June 1865.

Read the following papers:—

No. 108. From Colonel A. J. M. BOILEAU, R. E., Superintending Engineer, 4th Division; to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Madras, 5th May 1865, No. 75.

I have the honor to forward for the sanction of Government a Plan and Estimate, Rupees 1670, for constructing a Store-room at the Chief Office of the Inspector General of Mofussil Police, prepared by the Executive Engineer,

1 Plan.
1 Abstract Estimate.
1 Specification.
1 Letter No.—dated 25th April 1865.

Southern Range, Presidency, at the request of Mr. Robinson.

2. The building in which the office is held is a private one, but from the accompanying letter of Mr. Morison it will be observed that the proprietors have no objection to the Store-room being erected on the west side of the building, provided, 1stly, that a professional guarantee is afforded that the western wall will not suffer from the weight of the iron corrugated roofing; and, 2ndly, that in the event of the proprietors requiring to occupy the building, it shall be restored to its present state, materials moved away, and any damage consequent on the building of the Store-room made good at the Government expense.

3. There will be no difficulty in affording these guarantees, but it will be for the Government to decide whether it will be advisable to lay out money in adding to a private building.

4. The Assistant Inspector General of Mofussil Police having expressed his great anxiety to lay out certain money, which remained at his disposal at the close of 1864-65 in purchasing the iron roofing for the Store now proposed for construction, I advised him so to do; and he has laid out Rupees 340 for that purpose. The balance, Rupees 1330, of the Estimate, Rupees 1670, may perhaps be granted out of the reserve for Civil Buildings, 1865-66.

5. If Government are pleased to withhold their sanction from this Estimate, I have no doubt I shall be able to make use of the corrugated iron which has been purchased, in other buildings.

Referred to the Judicial Department.

Department, referred to me for report, I have the honor to state that the building used as my office has not been taken on a lease, but merely by the month.

2. I have no reason to suppose that the owners will wish to terminate this arrangement

No. 110. ORDER THEREON, 15th June 1865, No. 853.

Before sanctioning the proposed addition to the building in question, the Governor in Council desires that the Inspector General of Police will ascertain whether the proprietors are willing to let the building on a lease, and if so, on what terms. Mr. Robinson will state for what period the lease should run.

From

Secretary Lodge Perfect Unanimity
To
Captain M. W. Carr
Asst. Inspector General of Police

Sir,

In reply to your letter of the 22nd instant, I have the honor to inform you that the Worshipful Master and Members of the Lodge Perfect Unanimity have no objections to your erecting the stone Room on the Western side of the building provided your Engineering Officer will guarantee that the western wall will not suffer from the weight of the Iron corrugated roofing. The present basement on the western side does not seem strong enough to support any great weight.

2 The Lodge will of course expect you to restore the building to them at such time as they may require it in its present state, removing your materials at your own cost and repairing any

and any such
necessary from the
time proposed.

I have the honor to be

For Orders.

As it is proposed to make an addition to the Office at a cost to go of R 1670 it may be better first to get a lease of the building - The Police might be contracted as to a period for which the lease should run. I suppose that it is as good an office as the Police are likely to get W.M.
