*Proceedings of the Madras Government, Judicial Department,  
21st July 1866.*

Read the following papers :—

No. 198. From the Inspector General of Madras Police, to the Acting Chief Secretary to Government, Fort Saint George; dated Kotagherry, 7th July 1866, No. 1098.

Account Department.

With reference to the accompanying\*, I beg that the Government will be pleased to sanction the employment of a Dresser at Ramnad for the Police.

\* Letter from Deputy Inspector General of Police, Southern Range, dated 23rd June 1866.

2. Ramnad is the Head Quarters of a large Division of Police and of the Assistant Superintendent of Police. The Zemindaries are sickly; and the Head Assistant's Dresser, in consequence of that Officer's not residing at his station, is not always available.

From the Deputy Inspector General of Police, Southern Range, to the Inspector General of Police; dated Trichinopoly, 23rd June 1866.

I have the honor to submit, for favorable consideration, the advisability of a Medical Subordinate, with a supply of Medicines, being detailed for duty with the Police at Ramnad, the Head Quarters of the Assistant Superintendent of the Madura District.

2. Until lately, there has been a Dresser with Medicines at Ramnad, to attend on the Head Assistant Magistrate; but, as this Officer was seldom or ever at his Station, the Dresser virtually became the Police Dresser. This Dresser is now removed to Travancore, and even if one is detailed in his place to attend on the Head Assistant, I consider one absolutely necessary for the Police Department, as the Head Assistant, if he resides at Ramnad, may at any time take the Dresser into the District with him, and probably at a time when his services are most needed by the Police.

3. In the Assistant's Range of 4500 Square Miles, with 500 Constables, there is no Medical Officer of any kind (except at Paumben, where a Dresser is attached to the Jail). Ramnad, the Assistant's Head Quarters, is 68 miles from Madura, the nearest place where medical aid is obtainable, either for himself or his men.

4. Parts of the Zemindaries are at times very unhealthy, and many men are incapacitated by sickness. There is a greater mortality in the Constabulary in the Zemindaries than in any part of the Southern Range. This may be in consequence of the unhealthy locality, or perhaps from want of medical attendance.

5. The services of a menial attendant are also required.

Referred to the Principal Inspector General, Medical Department, for his remarks.

(Signed) W. HUDLESTON,
