No. 338. Read the following letter from the Superintending Engineer, 5th Division, to the Secretary to Government, Public Works Department, dated Bangalore, 5th September 1866, No. 98 :—

1. I have the honor to submit, for the orders of Government, the accompanying estimates, amounting in aggregate to Rupees 475, with plans and specifications for certain alterations and improvements required to the under-

mentioned Subsidiary Jails in Cutcheries in the Namkul Division of the Salem District :—

Alterations to the Subsidiary Jail in the Taluq Cutcherry	RS.
at Namkul	110
Do. to do. in do. at Trichingode	155
Do. to do. in the Sub-Magistrate's Cutcherry at Parama- thy	120
Do. to do. in do. at Senkeridroog	90

2. The District Magistrate Mr. Arbuthnott, at whose requisition the estimates were prepared by the Executive Agent of the Range, wishes to carry out the works at once, as they are urgently required. The Minor New Works allotment of this District, under the head "Civil Buildings," has been already appropriated, and the sum of Rupees 580, remaining out of the allotment for repairs under the same head, cannot be applied to the improvements in question.

3. Moreover, in the Proceedings of Government in the Judicial Department, recorded in G. O. No. 1,698, dated 29th May 1866, it is ordered that slight alterations and improvements to each Subsidiary Jail within 200 Rupees, should be carried out by the Magistrates, in communication with the Range Officer, and without reference to Government.

4. I have therefore the honor to request that I may be informed whether these works are to be carried out by the agency of this Department; if so, that the estimates now submitted may be sanctioned, and the sum of Rupees 475 may be placed at my disposal to meet the proposed outlay.

No. 339. ORDER THEREON, 13th September 1866, No. 2,933.

CIVIL WORKS, No. 66.

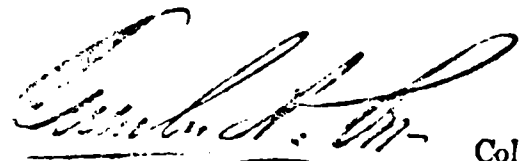

1. The estimates submitted with this letter, amounting in the aggregate to Rupees 475, are sanctioned, and, as the works are urgently required, the Superintending Engineer will issue orders for their being put in hand at once and completed as speedily as possible, reporting later in the year the savings against which he proposes to charge the outlay.

2. As the Reserve is exhausted, the Government request that in submitting estimates for sanction during the remainder of the current official year, the
