Proceedings of the Madras Government, Judicial Department,

22nd September 1866.

No. 201. Read the following letter from the Inspector General of Police, to the Secretary to Government, Fort Saint George; dated Madras, 6th September 1866, No. 1461.

General Department.

I have communicated with Colonel Saxton and the Local Police Officer on the subject of the guard for his Survey parties.

2. I propose to send the same number as were actually employed (in all 50 men) last year, and Colonel Saxton is satisfied.

3. The other point of Colonel Saxton's letter and Memorandum will be attended to.

4. I consider the Survey of the Sowrah Gap an exceedingly important and urgent work. The absence of maps of that part added greatly to our difficulties during the last cold season, and, now that the country is occupied, the want of a map is much felt.

5. I would provide amply in respect of guards for the Survey party at work in that rude country, and trust that the Government will urge the primary importance of this work on Colonel Saxton's attention, and request him, if possible, to carry it out during the ensuing season.

No. 202. ORDER THEREON, 22nd September 1866, No. 1473.

Communicated to Lieutenant Colonel Saxton.

2. His attention is requested to the 4th and 5th paragraphs of the foregoing letter.
