*Proceedings of the Madras Government, Judicial Department,
24th September 1866.*

No. 255. Read the following letter from the Inspector General of Police, to the Secretary to Government, Fort Saint George; dated Madras, 12th September 1866, No. 1504.

Account Department.

I have the honor to submit the report of the Superintendent of Police in North Arcot, on the successful conduct of a very meritorious Officer in that District, Inspector Davarajah Charry.

2. I beg to support his recommendation that a reward of 150 Rupees be paid to him. The sum will be met from the grant for rewards to Police Officers under the Budget.

3. To this Officer is due the almost entire suppression of dacoity in the Tirutany and other Northern Taluqs of North Arcot during the past year. He detected during the year 20 serious cases of dacoity, some dating as far back as 1861, and secured the conviction of 60 dacoits. Six robberies were detected by him, and eight criminals brought to justice; also twelve serious burglaries, with eighteen house-breakers; besides other miscellaneous offences, which were managed with unusual success.

4. He is a trustworthy and very efficient Officer, and bears a high character with the Magistrate.

From the Superintendent of Police, North Arcot, to the Inspector General of Police, Madras; dated Chittoor, 8th September 1866.

I have the honor to submit a statement of Crime detected by Inspector M. Davarajah Charry, of this District, in the hope that you will recommend this deserving officer to the Government for a reward of Rupees 150.

	Number detected.	Persons convicted.
Dacoities in houses in 1864-1865...	13	49
Gang Robberies in houses in 1856 to 1861...	7	11
Robberies...	6	8
House-breakings by night...	12	18

2. These crimes occurred chiefly near Triputy, and a few in the adjacent Taluqs.

3. The Inspector under notice was favorably known to his superiors previously to June 1865, when he was specially detached to this neighbourhood, on account of the alarming outbreak of crime, by what afterwards was found to be a very formidable organization.

4. The tabular statement already given shows the result of his labors from June 1865 to August 1866, and now crime may be said to have no existence in that part, and most extensive criminal information has been gained. The detection of old crime is very remarkable.

5. Many leading robbers are included in the list of convicted persons, who have, as a rule, been sentenced to transportation.

6. The Inspector has recently personally apprehended in Cuddapah one of the most famous leaders still at large.

7. One particularly important case is included amongst the list of house-breakings, which was detected months after its occurrence, and an active gang of burglars, eight in number, dispersed.

8. The Magistrate and myself have both employed this Inspector in very delicate inquiries, and with satisfactory results. I may add that the former entirely concurs with me in this recommendation, which I trust you will view favorably.
