*Proceedings of the Madras Government, Public Works Department,
1st October 1866.*

No. 22.

Dated 1st October 1866, No. 3,118.

CIVIL WORKS, No. 7.

In drawing the particular attention of the Superintending Engineer of the 7th Division, to the Proceedings of

Government, No. 3,060, dated 24th September 1866, His Excellency the Governor in Council wishes Colonel Walker to understand that, it being an object of great importance to relieve the present overcrowded state of the District Jails, as well as to reduce the cost of the new Central and District Jails which it is proposed to erect at Cannanore and Calicut respectively by giving healthful employment to as large a number as possible of prisoners on their construction, it will be his duty to make the utmost exertions to provide the requisite temporary buildings for their accommodation and for that of the Police guarding them. As soon as each portion of the requisite temporary buildings is completed, the Superintending Engineer will apply to the Inspector General of Jails for a draft of convicts, who will assist in erecting other portions, which, in their turn, should be occupied in the same way by successive drafts, till the full number of prisoners that can be usefully engaged is established upon the spot, when the construction of the Hospital and one compartment of the radial plan in each Jail, with its external wall, its palisades, and the buildings belonging to it should be coterminously commenced and completed.

Proceedings of the Madras Government, Public Works Department
1st October 1866.

No. 3.

Dated 1st October 1866, No. 3,108.

CIVIL WORKS, No. 3.

In drawing the particular attention of the Superintending Engineer of the 4th Division to the Proceedings of Government, No. 3,060, dated 24th September 1866, His Excellency the Governor in Council wishes Colonel Boileau to understand that, it being an object of great importance to relieve the present overcrowded state of the District Jails, as well as to reduce the cost of the new Central Jail which it is proposed to erect at Vellore by giving healthful employment to as large a number as possible of prisoners on its construction, it will be his duty to make the utmost exertions to provide the requisite temporary buildings for their accommodation and for that of the Police guarding them. As soon as each portion of the requisite temporary buildings is completed, the Superintending Engineer will apply to the Inspector General of Jails for a draft of convicts, who will assist in erecting other portions, which, in their turn, should be occupied in the same way by successive drafts till the full number of prisoners that can be usefully engaged is established upon the spot, when the construction of the hospital and one compartment of the radial plan, with its external wall, its palisades, and the buildings belonging to it should be coteremporaneously commenced and completed.

Dated 1st October 1866, No. 3,107.

CIVIL WORKS, No. 2.

In drawing the particular attention of the Superintending Engineer of the 8th Division to the Proceedings of Government, No. 3,060, dated 24th September 1866, His Excellency the Governor in Council wishes Captain Prendergast to understand that, it being an object of great importance to relieve the present overcrowded state of the District Jails as well as to reduce the cost of the new Jail which it is proposed to erect at Madura by giving healthful employment to as large a number as possible of prisoners on its construction, it will be his duty to make the utmost exertions to provide the requisite temporary buildings for their accommodation and for that of the Police guarding them. As soon as each portion of the requisite temporary buildings is completed the Superintending Engineer will apply to the Inspector General of Jails for a draft of convicts, who will assist in erecting other portions, which, in their turn, should be occupied in the same way by successive drafts till the full number of prisoners that can be usefully engaged is established upon the spot, when the construction of the hospital and one compartment of the radial plan, with its external wall, its palisades, and the buildings belonging to it should be coterminously commenced and completed.

Proceedings of the Madras Government, Public Works Department
1st October 1866.

No. 1.

Dated 1st October 1866, No. 3,106.

CIVIL WORKS, No. 1.

In drawing the particular attention of the Superintending Engineer of the 6th Division to the Proceedings of Government, No. 3,060, dated 24th September 1866, His Excellency the Governor in Council wishes Captain Oakes to understand that, it being an object of great importance to relieve the present overcrowded state of the District Jails, as well as to reduce the cost of the new Central Jail which it is proposed to erect at Trichinopoly by giving healthful employment to as large a number as possible of prisoners on its construction, it will be his duty to make the utmost exertions to provide the requisite temporary buildings for their accommodation and for that of the Police guarding them. As soon as each portion of the requisite temporary buildings is completed the Superintending Engineer will apply to the Inspector General of Jails for a draft of convicts, who will assist in erecting other portions, which, in their turn, should be occupied in the same way by successive drafts till the full number of prisoners that can be usefully engaged is established upon the spot, when the construction of the hospital and one compartment of the radial plan, with its external wall, its palisades, and the buildings belonging to it should be contemporaneously commenced and completed.
