I doubt whether this
should be lower - the rank
is distant only 3 miles from
Bellefleur - say half the distance
of the ordinary morning ride as
every gentleman is in the habit of
riding - It seems to me that a new
system is daily being found of
trying to saddle horse with some of
the shadow of a horse for which
needs a carriage or should on
any of the horse of some third
rank - surely I should not
why not use it? if the
horse is carried he
ought to be

So snare feed of side

The Governor in Council
