*Proceedings of the Madras Government, Judicial Department,
28th November 1866.*

No. 305. Read the following letter from the Principal Inspector General, Medical Department, to the Chief Secretary to Government, Fort Saint George; dated Fort Saint George, 19th November 1866, No. 411.

I have the honor to state that my attention has been directed to the fact that certain papers, relating to the conduct of an Officer of the Medical Department, have been placed on the Editor's table, where-

Mr. deFabeck, Chittoor.

as the same have not been communicated for record in my office.

2. I would respectfully submit to Government that it is highly desirable that all documents relating to the conduct of Medical Officers (whether in their capacity as Jail Superintendent or otherwise) should be furnished to the Head of the Medical Department, for information and record.

No. 306. ORDER THEREON, 28th November 1866, No. 1883.

The Governor in Council observes that the Orders of Government noted in the margin, to which the Principal Inspector General refers in the foregoing letter, do not concern Dr. deFabeck in his Medical

capacity, but relate to certain proceedings in connection with the raising of a road by convict labor under the orders of Dr. deFabeck, as Superintendent of the District Jail. The Government do not consider it necessary that Orders of this nature should be communicated to the Head of the Medical Department.

Chief Secretary.

To the Principal Inspector General, Medical Department.

I find that the paper was
not sent to the Inspector but
simply because it did not
concern Dr. De Zateck in his
medical capacity - It was in
fact the question whether Dr. De Z.
was right or wrong in pursuing a
certain road.

On the principle set forth in
para 2, the Bd. of Rec. ought to
have all papers affecting Clus.
in their Magisterial capacity -
and so, with every Dept. to
the increase of our printing
expenses and clerical material
records, already large enough
