*Proceedings of the Madras Government, Judicial Department,
6th March 1866.*

Read again Proceedings of the Board of Revenue, dated 25th January, and recorded in the Proceedings of the 21st February 1866, No. 255.

No. 30. Read also the following letter from the Commissioner of Police, to the Chief Secretary to Government, Fort Saint George; dated Madras, 2nd March 1866, No. 28.

With reference to Order of Government No. 255 of the 21st instant, I have the honor to state that the 100 common Rifles, alluded to by the Collector of Sea Customs, were consigned to Messrs. Franck & Co. by a London House, for auction sale, on behalf of the Consigners. Messrs. Franck & Co. state that they have no interest in the matter beyond the usual commission on sale, and that it is a matter of indifference to them whether the Rifles are cleared or not. It appears that a small consignment of 16 cheap Rifles, sent out in April 1865, were sold at considerable profit*. Hence probably the present Invoice; but Messrs. Franck & Co. have

* They were chiefly purchased for Bangalore Dealers.

already written to the Consigners requesting that arms may form no part of any future miscellaneous consignment.

2. A permit to clear and store these arms was granted by this Department on the 15th January. In the case of Auctioneers, arms cannot be sold without a further special permit, and a sale list must be furnished after the auction (vide the clause inserted in Auctioneers' Licenses). The granting of Licenses, under Act XXXI of 1860, is supervised by the Commissioner of Police personally; but on the 15th January the Acting Commissioner was attending a special Sessions of the High Court, and the permit was signed by the Deputy Commissioner Ramachendra Row as a matter of routine. The unusual quantity should have been brought to his notice. In future, no such permits will be passed through the office in the Commissioner's absence.

3. I enclose a copy of the license taken out by Dealers, and also of the permit to clear and forward arms. No license to manufacture arms has ever been granted. Arms cannot of course be cleared from the Custom House without a permit. The inspection of books, authorized in G. O. dated 18th September 1860, No. 1198, paragraph 6, forms a check on the subsequent sale, and also on any attempt to forward arms to the Mofussil without a permit. Arms are not permitted to be so forwarded until the license granted to the Mofussil Consignee has been produced in this office for endorsement and registry. Thus arms cannot be forwarded to any save a Licensed Mofussil Dealer.

4. I enclose the Return of Arms, &c., for which licenses have been issued from this office since the passing of Act XXXI of 1860. It will be observed that the number of fire-arms imported has more than doubled during the past year, and for this I am unable to assign any specific cause. A large proportion have been imported by European Firms, and doubtless for strictly lawful purposes; on the other hand there is a considerable decrease in the quantities of Ammunition, Sulphur, and Saltpetre imported, save under the one head of Cartridges where an increase is visible.

*Proceedings of the Madras Government, Judicial Department,
6th March 1866.*

No. 31.

ORDER THEREON, 6th March 1866, No. 340.

The Governor in Council directs that the License granted for the importation of the 100 Rifles, referred to in the foregoing letter, be cancelled, and that it be intimated to the importers that they should re-ship them to England. It would appear from the description given of the Rifles in question that they are not adapted for sporting purposes, or indeed for use by Europeans, and under these circumstances it is not desirable that the importation of so large a number of offensive weapons should be permitted.
