Proceedings of the Madras Government, Judicial Department, 7th March 1866.

No. 59. Read the following letter from the Registrar General of Assurances, Madras, to the Chief Secretary to Government, Fort Saint George; dated Madras, 19th February 1866, No. 48.

With reference to the annexed letter, of the 15th instant, from the District Registrar of Madras, and the bill accompanying it, I have the honor to solicit the sanction of Government to the charge objected to by the Examiner of Claims.

From the District Registrar of Assurances, Madras, to the Registrar General of Assurances; dated Madras, 15th February 1866.

With reference to the accompanying Memorandum, No. 57, from the Examiner of Claims, objecting to the charge in my contingent bill for last month, viz., 1 Rupee, for remuneration to a Hummamnee, employed in taking the examination of Gosha women at two separate residences, and requiring an Order of Government in support of the charge, I have the honor to request that you will have the goodness to obtain the authority of Government for the present and future similar charges being passed.

2. You are aware that, after the Order of Government in the Judicial Department, dated 5th October 1865, No. 1431, it became necessary for me to give some remuneration to the Hummamnees, and that it was arranged, in communication with the Government Agent, that, pending the orders which might be hereafter issued by Government regarding the distribution of the additional fee proposed in that Order, eight Annas should be paid to the Hummamnees for every attendance at the residence of a Gosha woman. Even with this disbursement, the gain to Government is 8½ Rupees for every such attendance, the fee being 10 Rupees, and my commission thereon being 1 Rupee.

3. I may explain that the Hummamnees of the Government Agent's office are not available in the months of January and June, they being then required to identify the Gosha Stipendiaries. I was, therefore, obliged last month to employ a Hummamnee who had formerly been in that office, but whose services were dispensed with on a reduction of the establishment.

No. 60. ORDER THEREON, 7th March 1866, No. 356.

The Examiner of Claims is authorized to pass the contingent bill submitted with the foregoing letter, and also similar charges for the future. The Governor in Council would suggest that, in future, a larger payment should be made to the Hummamnees. Eight Annas appears to be too small a sum.
