Read the following papers:—

No. 641. From the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 27th March 1866, No. 4,695.

2 Plans.
2 Estimates.
1 Letter No. 404, dated 25th January 1866.

With reference to G. O. No. 2,319, dated 11th August 1865, I have the honor to forward a plan already approved of by Government, and estimate Rs. 21,540, for erecting an Office for the Registrar General and District Registrar at the south end of the old timber yard in the North Beach, Madras. A further estimate of of Rupees 1,490 is attached for converting some of the existing sheds into suitable out-offices, such as store-rooms, dining-rooms, for pulling down some, and repairing other buildings, &c., as shown in the accompanying site plan. Thus the whole amount requiring sanction is Rs. 23,030, for which I purpose applying for funds out of the Reserve 'Civil Buildings' at the commencement of the coming official year.

No. 643. ORDER THEREON, 27th April 1866, No. 1,335.

CIVIL WORKS, No. 89.

1. The Government are of opinion that it would be preferable to accommodate the Clerks on the establishment of the Inspector General of Assurances in the eastern rooms of the lower story of the proposed building, where they would have the benefit of the sea breeze. This arrangement will involve the removal of the stair-case to the west of the building, on which side should be the main entrance; and, to provide more space for the custody of records, the upper story should be continued over the whole of the lower.

2. The records should then be placed in the four western rooms in the lower and upper stories, the more valuable documents being secured in the upper story. The entrance hall on the upper floor and the rooms for the Registrar General and District Registrar should be arranged as shown, in pencil, on the plan, or in such other manner as may appear most desirable.

3. Colonel Boileau will endeavour to submit a revised plan and estimate at an early date.
