*Proceedings of the Madras Government, Judicial Department,
27th June 1867.*

No. 271. Read the following letter from the Inspector General of Jails, to the Chief Secretary to Government, Fort Saint George; dated Ootacamund, 19th June 1867, No. 48.

I have the honor to report the release on the 15th instant, from the Native Jail at Ootacamund, of a female convict named Mariam Bee, under the provisions of paragraph 277 of the Jail rules.

2. The report of the Superintendent of the Jail, together with the certificate of the Medical Officer, and the written consent of an official visitor, are herewith enclosed.

From the Superintendent of Native Jail, Ootacamund, to the Inspector General of Jails, Madras; dated Ootacamund, 17th June 1867, No. 42.

I have the honor to forward two certificates, one from Surgeon J. Donaldson in Medical charge of the Native Jail in my charge, and the other from R. G. Clarke, Esq., Civil and Session Judge of Ootacamund, desiring the release of a female prisoner named Mariam Bee, agreeably to Jail rules, page 28, paragraph 277, marked B, on account of sickness and bodily infirmity. I have to acquaint you that on the receipt of the certificates accompanying, I released the female prisoner Mariam Bee on the 15th June 1867. The prisoner was originally sentenced to three months' rigorous imprisonment by the Magistrate of Wellington on the 8th April 1867 for "theft," and had on her release 23 days more to serve.

(According to Section 24 B).

I hereby certify that "Mariam Bee" is suffering from "Jail diarrhoea" contracted here; that she is not improving; and that I believe there is no prospect of her recovery if kept in Jail, and that the only hope of recovery is in her being released.

OOTACAMUND,
15th June 1867.

(Signed) J. DONALDSON, M.D., Surgeon,
In Medical charge of Native Jail.

The prisoner Mariam Bee is undergoing a sentence of three months' imprisonment for theft. Only 23 days of her period of confinement in Jail remain unexpired. The Medical Officer of the Jail certifies that the woman is suffering from "Jail diarrhoea" contracted here, and that the only "hope of recovery is in her being released." Under these circumstances, I have no hesitation in giving my consent, as one of the official visitors, to her immediate release from Jail.

OOTACAMUND,
15th June 1867.

(Signed) R. G. CLARKE,
Civil and Session Judge.

No. 272. ORDER THEREON, 27th June 1867, No. 1030.

The Governor in Council approves of the release of the convict Mariam Bee from the Native Jail at Ootacamund on the 15th instant, and is pleased to remit the unexpired portion of her sentence, under Section 54 of the Code of Criminal Procedure.

(True Extract).
