*Proceedings of the Madras Government, Judicial Department,
20th July 1867.*

No. 240. Proceedings of Government, dated 20th July 1867, No. 1165.

The Governor in Council is anxious to ascertain to what extent the instructions contained in the Order of Government, dated 29th March 1866, No. 470, have been complied with in the several Districts, and whether the objects for which the periodical visitation of Subsidiary Jails and Lock-ups were ordered may not be attained, with less call on the time of the Magistrates, by visits paid at longer intervals. The Inspector General of Jails will therefore submit, in the form below appended, the information which is required, and which will be readily available in his office from the returns submitted direct from the several Magistrates of Divisions and Districts.

Ind. Dep't. No 1414/67

The objections to a quarterly
visitation of the Subsidy Sails
are raised by Captain Froue,
Senior Asst. Magr., appty,
in a more or less degree, to every
district in this Presidency. Indeed,
I have been intending to submit
to Govt. the proposal of modifying
the rule and requiring that these
visits shall be made one in six,
instead of once in three months.

Several urgent representations
have reached me from gentlemen
in the service as to the inutile
and harassing nature of the
order at present stands - They
seem always to be on the more
to the detriment of their own
regular Cutcherry business &
to the rather serious cost to

the State for "Latin travelling"
allowances to them when in their
official establishments. Little or no real
catching work is done when officers
are daily on the move. and persons
who have cases to be tried are
undoubtedly the sufferers.

Attention having of late been so
imprudently drawn to the necessity
of keeping these facts in good
clean order & as far as possible
in good sanitary condition, it is
not probable that there will be
any marked inattention to the
improvement of food.

We have periodical suggestions
for the improvement of each of these
facts as have come under notice of
the Suby Sail Committee, and are
gradually creating a better class
of Suby Sail.

The omission of these bulky

reports for 2 of the 4 quarters
of the year, will be a great relief
to the Inspector-General of Sails,
especially now, that we know
he will not be allowed the aid of
a personal assistant, whose par-
ticular ^{province} it would have been, I
apprehend, to analyze the reports
& lay an abstract of them before
Colonel Wilson.

Instead, then, of passing in-
stead to be a papalain alone,
the order proposed on 20/4/14,
I would make it general &
apply it to all districts. It
ought run thus: "Supervising
"other arrangements now in progress
"for the improvement generally of
"Suby Sails & each up, the food-
"resolue to dispense with the
"submarine of the Quarter by
"reports advanced to in form
15 G. O 29 March 1866. No. 470. and

"to direct that the inspection
therein directed be made twice
each year, the reports thereon
being submitted as usual to the
S. Gen of Jails"
3 July. W.D.

The district of Vizagapatam
is one of the most extensive
under the Statute of the
Prisoner means hardly require
the modification of existing
regulations desired, but I
would submit a general
alteration with a special
provision for the Prob. Gen. of Jails

Mr. Bishop suggests that
the majority of such districts should
forward the returns.
There are two other possible
branches. Districts may be
forwarded directly to the Inspector
General of Police - and I have
not seen that a copy is sent to
the majority of the districts.
In any case it will, I think,
be the most direct course for
the better Government of India to
send the reports?
