Secy. to the Govt. of India.

he Secretary to the Chief Commissioner, British Burmah, Public Works Department,
oon, 29th April 1867, No. ^{114M}/₂₇; to the Secretary to the Government of India, Public Works
rtment, Simla.

ment, Simla.
With reference to Public Works Department Circular, No. 101, dated 18th December, 1866,
regarding the construction or repair of latrines for Native Troops from Imperial funds, I have
in reply, by desire of the Chief Commissioner, to forward copy of a letter from the Major General
commanding the Pegu Division on the subject, addressed to the Chief Engineer.
The Major General states that he cannot accept the Order as applicable to British Burmah.

The Major General states that he cannot accept the Order as applicable to British Burmah. In the Madras Native Troops are considered to be on "Foreign Service," and in the Madras Province the Madras Native Troops are considered to be on "Foreign Service," and are supplied with barracks, cook-houses and latrines in the same manner as European troops.

The question is therefore referred for decision of the Government of India ; at the same time it is necessary to state that no orders whatever have as yet been received regarding sanitary arrangements and establishment of conservancy funds for the Military Cantonments in British Burmah, but it is understood that the subject has been before the Government of India, in some shape or form, for a considerable time.

he Officer Commanding Pegu Division, Rangoon, 25th April 1867, No. 58G ; to the Chief Engineer, British Burmah.

have the honor herewith to enclose a letter from the Executive Engineer, Rangoon Division, (to be returned) in which he states that you have declined to give any orders on the subject of repairs of the 26th Regiment Native Infantry Latrines, Circular No. 101 of 18th Decem-ber, 1900, having ruled that these latrines are not to be constructed, and necessarily therefore not to be repaired by his department.

I beg to state that I am of a different opinion, as I conceive that the Circular in question refers to Cantonments in India. Service in Burmah is "Foreign Service," for all Native soldiers, whether they are located in Lines, but on all Foreign Service in Burmah and the Straits,

In India they are located in Lines, but on all foreign Service in Burmah and the Straits, barracks precisely as are European Troops, and have the appurtenances of barracks, such as boms and privies provided with those barracks, and Government might as well rule that the barracks themselves should be built, and repaired out of Cantonment funds.

These, and all the latrines for Native Troops in Burmah, were built by the Engineer Department, and they are borne on the returns of Government buildings, and repairs have been made by the Engineer Department, and I request that should you be still unable to order those now required, you will be good enough to refer the matter for the decision of Government.

No. 343

OFFICE MEMORANDUM.

With reference to Public Works Department docket, No. 524M, dated 30th May 1867, regarding the construction of latrines for Native Troops in British Burmah, the undersigned is pleased to acquaint the Secretary to the Government of India in that department, that until the Sanitation Rules can be brought into operation, latrines, &c., provided by Government for
