CHIEF OFFICE OF THE INSPR. GENL. OF POLICE, (Signed) M. W. CARR,
Madras, 7th August 1867. for Insp. Genl. of Police.

To the Acting Chief Secretary to Government, Fort Saint George,

With reference to his Memorandum, No. 228, dated 29th July 1867.

No. 298. To the Secretary to the Government of India, Financial Department, dated Fort Saint George, 22nd August 1867, No. 1371.

In reply to your letter dated the 29th June last, No. 1183, requesting, with reference to the Proceedings of this Government therein quoted, to be furnished with a statement showing the number of personal allowances granted to Police Officers, and to report the circumstances under which the allowances were sanctioned without reference to the Government of India, I am directed to offer the following explanation.

2. By the Resolution of the Government of India, dated 19th January 1865, No. 559, sanction was granted to an increased expenditure of Rupees 39,504 per annum, required to provide for the establishment of two grades of District Superintendents of Police, the higher on salaries of Rupees 800, and the lower on salaries of Rupees 700 per mensem &c.

3. These two grades of District Superintendents of Police—the one at Rupees 800, the other at Rupees 700 per mensem—having been sanctioned, it has not been the practice to assign the higher paid Superintendents to particular Districts, but to give the higher rate of salary to Officers of the Police according to their merits and services in the Department.

Proceedings of the Madras Government, Judicial Department,
22nd August 1867.

4. On one of the higher paid Superintendent's offices becoming vacant, the most deserving of the lower grade on Rupees 700 per mensem is promoted to the higher grade of 800 Rupees. The case which has attracted the notice of the Government of India is a promotion of this description. The term "personal allowance," has by a departmental arrangement been used to designate the higher rate of Superintendent's salary, and, as it is inappropriate and likely to lead to misconception, will for the future be discontinued.

5. I am directed to add that there are at present ten Superintendents on Rupees 800 in the revised establishment of Police Officers sanctioned by the Government of India in January 1865.

(Signed) R. S. ELLIS,
Acting Chief Secretary.

Memorandum
Allowances of Officers employed
in the Municipal Police.

In May 1864 the Inspector General of Police brought the whole subject of the Establishment of Officers employed in the Police under the consideration of Government. He recommended that six of the Superintendents should receive salaries of Rs 800 each, and 4 others salaries of Rs 900, the remaining (10) Officers of this grade salaries of Rs 700. For the Assistants, who receive their highest pay with the Staff salary of Rs 300, he recommended a consolidated salary of Rs 500, except in the case of the two Assistants in the Bill tract of Vizagapatnam; for one of them he proposed a consolidated salary of Rs 700, and for the other a salary of Rs 600.

He forwarded in Council, in reversing the Inspector General's recommendation, considered that the maximum rate of salary for Superintendents should be fixed at Rupees 800 per mensem, but he considered it to be personal in each case, and not assigned to any particular District. His proposal was

in Council would not assign so high a salary as Rs. 700 to any appointee. He did not decide it absolutely necessary that any officer of this grade should receive a higher salary than Rs. 500. In the opinion of the Government, the case of Kypri might best be met by appointing an officer of the grade of Superintendent.

Under date the 24th Nov. 1865 the Government forwarded for the sanction of the Gov. of Madras a tabular statement showing the proposed increase to the Superintendent ~~to Rs. 1000~~. It was shown that the establishment provided for the establishment of two grades of District Superintendents, the higher in Salaries of Rs. 800, and the lower in Salaries of Rs. 700 per annum. That provision was made for an additional Superintendent to be in charge of the Jeypore Country, and for 17 Apartments of the 1st Class in Rs. 500, and 6 of the 2nd Class in Salaries of Rs. 400 per annum. That the then present number of Apartments Superintendents was

18 who draw an average salary including their military pay of about Rs. 500 per annum. But that such of the Apartments as then drew more than the maximum salary proposed should be found in the difference as a personal allowance.

The Government of India in their Resolution dated the 19th January 1865. No. 599. notice the proposal of this Government as follows.

"A revision of the Establishment of the Officers of the Madras Police, involving a monthly increase of Rs. 3292, or Rs. 39504 per annum, and providing for the establishment of two grades of District Superintendents, the higher in Salaries of Rs. 800, and the lower, as at present, in Salaries of Rs. 700 per annum - for an ~~additional~~ Superintendent for the Jeypore Country - and for 17 Apartments Superintendents of the 1st Class in Rs. 500, and six of the 2nd Class in

in Council would not assign so high a salary, as Rs. 700 to any appointment. He did not decide it absolutely necessary, that any officer of this grade should receive a higher salary than Rupees 500. In the opinion of the Government, the case of Mysore might best be met by appointing an officer of the grade of Superintendent.

Under date the 24th Nov. 1865 the Government forwarded for the sanction of the Govt. of Madras a tabular statement showing the proposed increase to the Superintendents. It was shown that the State provided for the establishment of two grades of District Superintendents, the higher in Salaries of Rs. 800, and the lower in Salaries of Rs. 700 per annum. That provision was made for an additional Superintendent to be in charge of the Mysore Country, and for 17 appointments of the 1st Class in Rupees 500, and 6 of the 2nd Class in Salaries of Rupees 400 per annum. That the then present number of appointments Superintendents was

18 who draw in an average Salaries including their military pay &c of about Rs. 500 per annum - but that each of the appointments as then drew more than the maximum salary proposed should be given the difference as a personal allowance.

The Government of Madras in their Resolution dated the 19th January 1865. No. 599. notice the proposal of this Government as follows -

"A revision of the Estimates Government of the Officers of the Madras Police, involving a monthly increase of Rupees 3292, or Rs. 39504 per annum, and providing for the establishment of two grades of District Superintendents, the higher in Salaries of Rupees 800, and the lower, as at present, in Salaries of Rupees 700 per annum - for an additional Superintendent for the Mysore Country - and for 17 appointments of the 1st Class in Rupees 500, and six of the 2nd Class in

in Rs 400 per annum.

It will be seen that no allowance whatever has been made for the grant of "personal allowances." Indeed so far as the Laboratory Statement was concerned, the grant of a "personal allowance" to certain officers, or rather the difference of salary between the salary drawn by them, and the maximum salary, being treated as a "personal allowance" was entirely a departmental arrangement, for which the Express sanction of Government was unnecessary. It is however, even if it was treated differently, and sanction has been granted from time to time for the allowance of Rs 100.

In the Statement, marked A which was furnished on the 18th July last, it is shown that 15 officers drew ~~the~~ personal allowances. Of this number two were "Promoted" and three, "left the Police." So

* Rs 100.

that only five officers were the actual recipients of the allowance. But in the Statement, marked B., since the 7th August, it is shown that no more than five officers drew personal allowances. The seventh officer is Captain Carr, but no explanation has been given as to why his name has been omitted.

His personal allowance it will be seen is granted in addition to the salary of Rs 700. but as the Govt of India have sanctioned 10 Superintendents at salaries of Rs 800, the necessity for treating this sanction, as salary Rs 700. & personal allowance Rs 100., is not apparent.

The most simple arrangement would be to adopt the sanctioned scale of salaries, leaving it to the Inspector General of Police to appoint, with the approval of Govt, any officer he considers deserving promotion to the highest grade

and Salary of Superintendent.

of Rs. 39, 504 per annum, required to provide for the establishment of two grades of District Superintendents of Police the higher on salaries of Rs. 800, and the lower on salaries of Rs. 700 per annum &c
