*Proceedings of the Madras Government, Public Works Department,
18th November 1867.*

No. 358. Read the following letter from the Acting Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 14th November 1867, No. 3,888 :—

1. In reply to G. O. No. 3,263, dated 21st October 1867, paragraph 2, calling for an explanation of the alleged neglect of the Superintending Engineer to forward the estimate for new Gallows at Chittoor, submitted to him by the Executive Engineer on the 21st November 1864, I have the honor to report that on receipt of that document, Colonel Boileau sent it with a plan to the Sessions Judge of Chittoor for approval, with a letter No. 4,982, dated 23rd December 1864, but the records in this Office do not show that any reply was received from this Officer.

2. I would point out that the correspondence previous to December 1866, when the Superintendent of the Jail requested the Executive Engineer to give him his opinion on the safety of the present structure, had no reference whatever to the stability of the Gallows, but to its re-erection in another place with improvements and additions, which the estimate sent to the Sessions Judge provided for.

3. The letter also of the 16th September 1865, No. 416, referred to in paragraph 7 of the Acting Judge's communication to Government, said to have been sent by Captain Chrystie to the Superintending Engineer, makes allusion only, as I have found out from the Range Officer, to the removal of the present Gallows and its re-erection on an improved plan, but the register of my Office does not show this letter to have been received, nor can it be traced.

4. From the correspondence therefore on the subject, it would appear that the Jail authorities did not complain of the rotten state of the timber, and that this want was not brought urgently to the notice of this department before a report was made to the Inspector General of Jails.

No. 359. ORDER THEREON, 18th November 1867, No. 3,562.

CIVIL WORKS, No. 48.

Communicated to the Judicial Department, with reference to the orders in that department of the 9th October 1867, No. 1,615.
