* Herewith sent (to be returned).

in No. 3 Range, Godavery, I have the honor to report that the Executive Engineer states that the small room which was marked "Records" is not intended for records, but is always, and still will be, used for keeping lamp-oil, &c. In the larger room called "Records," there is a small window, as shown in black-lead pencil, so that the room is sufficiently lighted.

2. The Moonsiff also thinks that the new record-room, built detached from the Court-house, will afford ample accommodation for records, without the suggested alteration being carried out.

3. Under these circumstances, I request to be informed whether the portion of the building under reference may remain without alteration.

No. 524. From the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Camp at Dowlaishweram, 12th November 1867, No. 184.
