*Proceedings of the Madras Government, Public Works Department,
13th November 1867.*

No. 260. Read the following letter from the Government Solicitor, to the Secretary to Government, Department Public Works, dated Madras, 7th November 1867, No. 713 :—

1. Referring to my letter to you of the 2nd ultimo, No. 645, I have the honor to forward herewith a copy of a letter which I have yesterday received from the Executive Engineer, No. 1 or Northern Range, Presidency, dated the 5th instant, No. 1,374, and with reference to the recommendation therein contained, to inform you that there is no other mode of access to my offices of Government Pleader than through the offices of the Advocate General or Crown Prosecutor. It would be most inconvenient both to those offices and to myself that this mode of access should be resorted to.

2. I have, therefore, the honor to request that you will be good enough to obtain, with as little delay as possible, the orders of Government for the repairs in question.

From the Executive Engineer, No. 1 or Northern Range, to the Government Solicitor, dated Fort St. George, 5th November 1867, No. 1,374.

1. I have the honor to inform you that I consider the spiral stair leading to your office is in a very dangerous state, and to recommend that it be abandoned forthwith, and that some other means of access be resorted to, otherwise injury to life or limb may ensue.

2. The plan and estimate for repairs have been submitted by this office to the Superintending Engineer.

No. 261. ORDER THEREON, 13th November 1867, No. 3,511.
