*Proceedings of the Madras Government, Public Works Department,
29th November 1867.*

No. 706. Read the following letter from the Acting Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 25th November 1867, No. 4,062:—

1. In continuation of my letter No. 2,968, dated 17th September 1867, and with reference to G. O. No. 3,233, dated 18th October 1867, I have the honor to submit for sanction an estimate, amount-

1 Estimate (Abstract).
1 Plan.

ing to Rupees 1,140, for constructing quarters for two European Head Constables for the permanent Police guard at the Vellore Central Jail, in the North Arcot District.

2. The estimate shows that the work contemplated is of an inexpensive nature. Another estimate is still required to provide for the whole accommodation contemplated for the Police in paragraph

* 11th June 1867, No. 42.

2 of the Inspector General's letter,*

embodied with G. O. No. 1,868, of the 22nd June 1867, unless the plan of Native Head Constables' huts is to be the same as that now forwarded, in which case the enclosed estimate must be raised by the cost of another of the quarters, viz., Rupees 570.

No. 707. ORDER THEREON. 29th November 1867, No. 3,736.

CIVIL WORKS, No. 99.

The Government resolve to return the estimate submitted with this letter, and to request that a complete estimate

for the whole of the accommodation required for the Police guard at the Vellore Central Jail, as described in paragraph 2 of the letter from the Inspector General of Jails, printed with G. O. No. 1,868, dated 22nd June 1867, may be prepared and submitted. It will at the same time be pointed out to the Acting Superintending Engineer that a building constructed of stone or brick-in-clay and plastered with the same material, with a flooring of gravel, and a slight roof, is not likely to form a substantial or suitable residence for a European, and will ultimately be more expensive than a structure of a more permanent description. Colonel Beau will accordingly prepare and submit a fresh estimate providing for the use of stone or brick-in-chunam with a flooring of flat bricks (tiles), and with doors half battened and half venetianed.

Secretary to Government.
