With reference to the Official Memorandum\* of the Acting Under Secretary to Government, Public, &c., Departments, dated the 12th instant, No. 14, requesting me to explain the necessity for the improvements proposed to be

made to the Moonsiff's Court at Ongole, I have the honor to embody herein the following reasons assigned by the District Moonsiff in his Arzees, dated the 6th May and 7th August 1865, viz., that the present building consists only of two small rooms and a small centre hall; that owing to the extension of his local jurisdiction by the abolition of the Caligiri Moonsiff's Court, the amount of attached and unclaimed property received in his Court is considerable, so that one of the above rooms apportioned for its custody is hardly sufficient for the purpose; that the Gumastahs of the Establishment are, with great inconvenience, accommodated in the centre hall which, in addition to the bench, contains the 1 leaders' tables and seats; that owing to the Court records being deposited in the other room, no private room is available for the Moonsiff; that for want of verandahs on the west and north sides of the building, the records of the Court are liable to damage from rain beating in through the exposed windows, which further entails discomfort on parties and others coming before the Court; and that the flooring of the building is all broken up.

Note by the Honorable H. D. Phillips.

Enquiry ought to be made in the Judicial Department as to why the District Commisiff has "old records" requiring the special accommodation provided for them in the plan. Ditto as to what the unclaimed property can be?
