No. 429. Read the following letter from the Superintending Engineer, 6th Division, to the Secretary to Government, Public Works Department, dated Tanjore, 5th December 1866, No. 1,055 :—

Enclosure 1.
Rupees 25,659.

Dated 16th October.

1. I have the honor to enclose the Statement of funds required for constructing or improving Jails in the 6th Division, during the current year, called for in Memorandum No. 37, and to inform you that the delay in its submission is due to the difficulty of determining what sum it may be possible to expend upon the Central Jail up to the 31st March. A sum of Rupees 15,000 is entered for the Central Jail, made up as follows :—

	RS.	A.	P.
For ground, &c. ...	3,079	12	0
For temporary buildings ...	7,850	0	0
Collecting materials, &c., for new Jail ...	4,070	4	0
Total ...	15,000	0	0

It depends much upon the sum likely to be allotted in 1867-68 what preliminary expenditure may be made in 1866-67.

Rupees 395.

G. O. No. 3,316.

2. The three small estimates for which a transfer from "Agricultural" to "Civil Buildings" was sanctioned on the 18th October 1866, are included in the list.

3. The estimate for the Jail at Combaconum has just been received, it amounts to Rupees 1,240, and after all only provides proper accommodation for about half the number of prisoners, for whom accommodation is stated to be required; there will probably be some correspondence on the subject, and Rupees 400, or one-third of the estimate only, is entered in the column of allotments required up to the 1st April 1867.
