1. I have the honour to submit, for the sanction of Government, the accompanying estimate and plan, for providing three Cells to the Sub-Magistrate's Cutcherry at Vythery, to answer the purpose of a Subsidiary Jail, referred to in Government Order, No. 1,329, dated 27th April last.

(Signed) R. A. DALYELL,

To the Chief Secretary to Government, Judicial Department, with plan and estimate.

It is not clear how the Cells proposed to be added to the Sub-Magistrate's Cutcherry, to answer the purposes of a Subsidiary Jail, are to be lighted, if the windows are to be superseded by ventilators, as contemplated in the plan. There is no apparent reason why windows should not be constructed, provided that they are defended by iron bars. The Magistrate will be good enough to afford the necessary explanation on these points.

(True Extract.)

(Signed) A. J. ARBUTHNOT,
Chief Secretary.

From the Magistrate of Malabar, to the Chief Secretary to Government, Fort Saint George, dated Calicut, 11th February 1867, No. 17.

1. Adverting to Government Order, dated 5th February 1867, No. 183, I have the honour to observe that as the ventilators are 3 feet $\times$ 1½ feet, and the doors (grated) are 7 feet $\times$ 4 feet, and there is a ventilator and door to each Cell of 15 feet $\times$ 9 feet, ample light will be admitted under the new proposed arrangement.
