*Proceedings of the Madras Government, Judicial Department,
15th May 1867.*

No. 179. Read the following Proceedings of Government in the Military Department,

Read letter from the Quarter Master General, to the Secretary to Government, Military Department, Fort Saint George; dated Head Quarters, Ootacamund, 15th April 1867, No. ¹⁵⁴/₂₈₅₆.

In acknowledging the receipt of the Order of Government, dated 19th ultimo, No. 1005, I have the honor, by order, to submit to Government that the reference from the Government of India, as to the intended disposal of the two Native Infantry Regiments under orders to be withdrawn from the Straits, affords a favorable opportunity for reconsidering the entire question of the distribution of the Troops in this Command, with reference to the increased facilities of communication, both by coasting steamers and rail.

2. The present faulty position of a considerable portion of the Troops, in a strategical point of view, renders it highly desirable that this important question should have early attention; and, to enable His Excellency to report comprehensively upon it, he begs to be informed whether the Civil Authorities and Government are, or would be, prepared to concur in the withdrawal of Native Regiments

Berhampore, Waltair, Cuddapah, and Palamoottah.

from the isolated positions marginally specified, on the condition that the aggregate Force to be maintained in the Commands concerned should not be materially diminished; further, that the European Infantry Detachment at Trichinopoly should rejoin Regimental Head Quarters at Cannanore, on the completion of the rail between Caroor and Erode, and that the Native Infantry Corps at Kurnool should be withdrawn to Bellary, when the line is extended beyond Ghooty.

3. His Excellency also suggests that the Commissioner of Mysore be addressed, in view to a modification of the disposition of the Native Infantry Regiments in the isolated positions at Hurryhur, Mercara, and French Rocks.

4. The Commander-in-Chief contemplates concentrating the Troops in the several Commands as much as possible—a measure which would certainly result in great advantage to their discipline and training; and, on being favored with the views of Government and of the local Civil Authorities on the several points above mentioned, His Excellency will be prepared to submit, for the consideration of His Lordship in Council, a plan for the re-distribution of the Troops which will be more in accordance with existing circumstances and requirements than their present disposition is.

5. On the receipt of the order of Government to this reference, the question from the Government of India above mentioned can be fully disposed of. In the

if approved of, will dispose of one of the Native Infantry Regiments from the Straits. The other Corps is not likely to be relieved from service in those Settlements for some time to come.

Order, No. 1523, 27th April 1867.
