Read the following papers :—

224. From the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Camp, Cocanada, 6th April 1867, No. 6.

2 Plans.
2 Estimates.
2 Specifications.
• By banghy.

1. With reference to G. O. No. 285, of 29th January 1867, I have the honour to re-submit herewith plans and estimates* as per margin, for improvements to the Moonsiffs' Courts at Amala-

ur and Nursapur, in the Godavery District.

2. The specifications now furnished show the nature of the proposed works.

3. The necessity for the alterations and additions estimated for is that the present buildings are inconveniently small, and have been almost fully occupied by Jords. When the buildings were inspected by Mr. Executive Engineer Randall, company with Mr. Morris, Civil and Session Judge of Rajahmundry, the Moonsiffs complained that there not being sufficient accommodation for the Gumashtas, some are obliged to sit in the Court, where they were interrupted and incommoded by litigants, witnesses, &c., and that consequently additional rooms were much required.

4. The enclosed estimates have, therefore, been prepared at the requisition of the Judicial authorities, to afford necessary accommodation to the Officers occupying the buildings, and are duly countersigned by the Civil Judge of Rajahmundry.

5. Under these circumstances, I have the honour to request that Government will be pleased to accord early sanction to the estimates herewith submitted, and place at my disposal the necessary funds, viz., Rupees 3,996.

Referred to the Judicial Department.

Secretary to Government.

CIVIL WORKS, No. 27.

1. His Excellency the Governor in Council sanctions the estimates amounting to Rupees 2,120 and 1,876, respectively, for improvements proposed to be made to the Moonsiffs' Court-houses at Amalapur and Nursapur in the Godavery District.

2. The Government are, however, of opinion, as regards the Court-house at the former place, that the parts marked in blue pencil should be walled in, leaving two windows at X X. This arrangement will provide the Gumashtas with a large apartment, in which a door should be opened at Z, in order to afford them easy access to the new record rooms.

*Proceedings of the Madras Government, Public Works Department,
3th May 1867.*

3. With respect to the Court-house at Nursapur, the Government think that there is not a sufficiency of light in the larger of the two record rooms marked A A in the plan. To remedy this defect, a small barred window should be provided at X, and a similar one at O, the present door at the latter place being dispensed with. The small record room should then be opened at the part marked with a cross, thus providing one large room for the records, with a single entry into it from the square room for "Gumashtas and records."

4. The question of providing funds for these works will be disposed of when the Statements of Demands called for in Memorandum of the 28th March 1867, No. 52, are brought under the consideration of Government.
