*Proceedings of the Madras Government, Judicial Department,
6th June 1867.*

No. 67. Read the following letter from the Acting Collector of Trichinopoly, to the Chief Secretary to Government, Fort Saint George; dated Trichinopoly, 27th March 1867, No. 16.

Adverting to Proceedings of Government, Judicial Department, dated the 4th instant, No. 358, I have the honor to re-submit the plan of the old Jail premises at Trichinopoly, with a section and elevation attached, as therein required.

2. On the right hand corner of the original plan are clearly entered the dimensions of the various means for ventilating each of the two main wards and four cells in the block now used as a Subsidiary Jail.

3. The number of prisoners assigned to these rooms, viz., ten to each main ward, and two to each cell, aggregating 28, was fixed by the Garrison Surgeon, who considers the ventilation sufficient. It was only last year that the ground and roof ventilators were enlarged at his suggestion.

4. The average number of prisoners admitted during the past three months is 16½, and only on one day was the maximum of 28 exceeded by 8.

5. The Government will, I think, be satisfied that the building is well adapted for a Subsidiary Jail, and I beg to request that sanction may be accorded for the pay of the Sweeper in arrears from the 28th of November 1866, and for the purchase of cumblies and mats, as requested by Mr. Banbury.

No. 68. ORDER THEREON, 6th June 1867, No. 929.

As it appears from the foregoing letter and the plans which accompanied it, that the requisite space and sufficient ventilation has been provided for the prisoners incarcerated for short periods in the portion of the old Jail at Trichinopoly, which the Magistrate has appropriated for use as a Subsidiary Jail, the Government sanction the arrangements which have been made as a temporary measure.

2. Payment of the Sweeper who has been entertained since the 28th November 1866 is sanctioned, with retrospective effect from that date.
