*Proceedings of the Madras Government Judicial Department,
28th January 1868.*

No. 241. Read the following letter from the Inspector General of Jails, to the Chief Secretary to Government, Fort Saint George; dated Madras, 16th January 1868, No. 167.

I have the honor to report that the site first selected at the Rajahmundry Central Jail for Police and Warder Lines having been too near the Jail buildings, I requested the Superintendent to choose another, which he has done, in communication with the Officer in Medical charge and the Superintendent of Police. That so selected is a piece of uncultivated ground, about 800 yards from the Jail. It is the property of Government, is well raised, and is unobjectionably situated with respect to the prevailing winds. I have consulted the Inspector General of Police, who sees no objection.

2. The ground is sufficiently extensive to allow the erection thereon of Warder Lines without interfering with the Police, and as the distance of the Jail from the town is too far to admit of the Warders living in the latter without inconvenience, I recommend that huts for five Head Warders and twenty Warders, similar to those for Head Constables and Constables, should be commenced simultaneously with them. The number may be increased hereafter according to that of the sanctioned establishment.

3. Quarters for the Deputy Jailer and Dressers are also required. They may be built opposite the Jail entrance, on the spot marked A in the Survey.

4. A Survey of the ground is herewith forwarded. The spot selected for the Police and Warder Lines is marked 1.

No. 242. ORDER THEREON, 23th January 1868, No. 135.

The Governor in Council approves of the sites selected near the Central Jail at Rajahmundry for Police and Warder Lines, and for the Deputy Jailer and Dressers' quarters, and directs that the Collector of the Godavery District will arrange for the transfer of the lands required, which are stated to be Government property.

2. The recommendation of the Inspector General of Jails that huts for five Head Warders and for twenty Warders should be built simultaneously with those for Head Constables, and on the same plan, will be attended to in the Public Works Department, whence orders will be issued on the subject to the Executive Officers.

From Lieut. Col. R. J. Wilson
Inspector General of Jails

To The Honble: R. S. Ellis Esq. B.

Chief Secretary to Government
Fort St. George

Sir, I have the honor to report that the site first selected at the Rajah-mundry Central Jail for Police and Warders lines having been too near the jail buildings I requested the Superintendent to choose another which he has done in communication with the officer in Medical Charge and the Superintendent of Police. That so selected is a piece of uncultivated ground about 800 yards from the jail - It is the property of Government, is well raised, and is unobjectionably situated with respect to the prevailing wind. I have consulted with the Inspector

General of Police who has no objection -

2 The ground is sufficiently open -

- line to allow the erection thereon of

Wardens' dines without interfering with

the Police, and as the distance of

the Jail from the Town is too far to

admit of the Wardens living in the

latter without inconvenience I recom-

mend that huts for five Head

Wardens, and 20 Wardens similar

to those for head Constables and

Constables should be commenced

simultaneously with them. The

number may be increased hereafter

according to that of the sanctioned

Establishment -

3 Quarters for the Deputy Jailor

and Officers are also required -

They may be built opposite the

Jail Entrance on the spot marked

A in the Survey -

4 A Survey of the ground

is

herewith forwarded - The spot

selected for the Police and Warden

lines is marked 1.

I have the honor to be
