3rd February 1868.

No. 33. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Department Public Works, dated Madras, 29th January 1868, No. 3,987:—

1. I have the honor to inform you that, on a review of the expenditure under the head of "Tools and Plant," as compared with the grants* of the current official year, I am led to the conclusion that a large sum under this head may be set free for outlay on other heads of service; for, on a reference to Superintending Engineers and to the General

Superintendent Public Works Stores, I find that the Superintending Engineer of the 1st Division thinks it absolutely necessary that the grant of the Godavery District should be supplemented by Rupees 8,000, and the Superintending Engineer of the 2nd Division asks for a supplemental grant of 3,250 for the Kistna, and Rupees 1,500 for the Nellore District; while, on the other hand, the Superintending Engineers of the 4th, 5th, and 6th Divisions are prepared to relinquish out of their grants for the year Rs. 1,000, 550 and 600 respectively, and the Superintendent of the Public Works Stores will not require 50,000* Rupees of the aggregate allotment of Rs. 1,10,000, as explained in the margin.

2. The Superintending Engineers of the 2nd, 4th, and 6th Divisions cannot spare any of their allotments for the year.

3. By the following statement it will therefore be seen that Rs. 39,400 may be at once set free for original works and repairs, provided the Government sanction the augmentation of the excess applied for by the Superintending Engineers of the 1st and 2nd Divisions; but if this is not approved of, the sum which may be set free will then be 52,150 Rupees.

3. His Excellency in Council is unable to make any addition to the allotment for "Tools and Plant" for the 1st and 2nd Divisions in the absence of full particulars of the necessity for an outlay so largely in excess of the funds assigned to those Divisions during the current year.
