*Proceedings of the Madras Government, Judicial Department,
14th February 1868.*

No. 165. Read the following letter from the Registrar General of Assurances, Madras, to the Chief Secretary to Government, Fort Saint George; dated Madras, 29th January 1868, No. 20.

I have the honor, with reference to the Government Order No. 80, of the 20th instant, to state that I have recently received from the Registrar General of the Lower Provinces a printed Memorandum, in which that Officer notices various points in the Indian Registration Act requiring, in his opinion, amendment or further elucidation, and urges the necessity of a subsidiary enactment being passed by the Legislature during the present Session.

2. On receipt of this Memorandum I commenced preparing a report on the same subject, but from paragraph 3 of Mr. Secretary Bayley's letter No. 1812, of the 31st December, it seems improbable that any subsidiary enactment will be introduced during the present Session. I beg, therefore, to inquire whether this report should be submitted separately, or whether such suggestions as I may have to make on the subject should be embodied in the Administration Report for the current year, in which, under the instructions now received, the working of the Madras system is to be contrasted with those of the other Presidencies.

3. I have also to inquire whether the Government wish the Administration Report to be printed before it is submitted, as appears to be the practice in Bengal and the North-Western Provinces.

No. 166. ORDER THEREON, 14th February 1868, No. 240.

The Registrar General of Assurances, Madras, is informed that the opinion called for by the Registrar General of the Lower Provinces should be furnished to that Officer separately, and that any suggestions which the Registrar General, Madras, may deem it necessary to offer on the working of the system of Registration in this Presidency, as contrasted with the working of the systems in other Presidencies should, as required by the Government of India, be embodied in his Administration Report for the current year.

2. The Administration Report will, in future, be printed prior to its submission to Government.

(True Extract).

not consider it necessary
