*Proceedings of the Madras Government, Judicial Department,
17th February 1863.*

No. 182. Read the following Proceedings of Government in the Public Works Department, dated 8th February 1863, No. 432.

Approving of the proposal to dispense with a third well in the Rajahmundry Central Jail, and to appropriate the amount thus saved to the provision of filters, pipes, &c. (Vide Proceedings, Public Works Department, dated 8th February 1863, Nos. 161 & 163).

No. 183. ORDER THEREON, 17th February 1863, No. 250.
Communicated to the Inspector General of Jails.

(Signed) R. S. ELLIS,
Chief Secretary.

To the Inspector General of Jails.

*Proceedings of the Madras Government, Public Works Department,
8th February 1863.*

No. 161. Read the following letter from the Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Camp at Dowlaishweram, 17th December 1867, No. 203:—

1. For the water supply of the Central Jail at Rajahmundry three wells are provided for in the estimate.

2. One large well (twenty-two feet diameter) has been in use for upwards of three and a half years, including four dry seasons; the water supply of this fine well, in the driest week of a very dry season, has proved to be far more than sufficient for the service of the Jail. With a proper arrangement of pipes and cisterns no other well would be necessary.

3. But it will, I think, be expedient to have also the smaller well on the female's yard side of the Jail; this well is now carried down to nearly its full depth, and will be ready for use in July next.

4. The third well (between the entrance and hospital) will not, as far as I can judge, be required: and it is my opinion that it will needlessly crowd the Jail space, and ought to be omitted.

5. This third well being at but a short distance from the large well, may injuriously affect the, hitherto ample, water supply of the latter.

6. The lifting, filtering, and distributing, will probably be better managed and more efficiently controlled with one or two, than with three or four wells.

7. I have the honor to apply for authority to omit the third well; and to expend the amount of its estimated cost minus the money already laid out on it, say 5,000 Rupees, on filters, pipes, and cisterns, for the distribution of water to all parts of the Jail.

I concur in the proposal above mentioned.

(Signed) W. J. WILSON,
Inspector General of Jails.

MADRAS,
23rd January 1868.

No. 162.

ORDER THEREON, 8th February 1868, No. 432.

CIVIL WORKS, No. 21.

The Governor in Council approves of the proposals submitted in this letter for dispensing with a third well in the

Rajahmundry Central Jail, and for appropriating the amount thus saved to the provision of filters, pipes, and cisterns, for the distribution of water to all parts of the prison.
