*Proceedings of the Madras Government, Judicial Department,
26th March 1868.*

No. 263. Read the following letter from the Vicar General of Saint Thomé, to the Chief Secretary to Government, Fort Saint George; dated Saint Thomé, 17th March 1868.

I have the honor to request that you will be so good as to bring to the notice of His Excellency the Right Honorable the Governor in Council, with reference to paragraph 1 of the Order of Government, dated the 21st June last, No. 1010, that the portion of the revetment built by the convicts round the Little Mount last year has failed. It has tumbled down in two places, and the remainder is cracked; so that the whole that was built last year, measuring about 26½ yards in length, should be taken down and re-built.

2. The cause of the failure is owing, I think, to a want of slope. I did not wish to interfere with the way in which the convicts performed their work last year; but should Government be pleased to allow their services this year, I shall give my own personal superintendence, and see that what they do is done well and in a manner firm and substantial.

3. As this work, besides being of benefit to the church at the Little Mount, is one of great public utility, and as the annual festival of the said church is fast approaching, I shall feel much obliged to the Right Honorable the Governor in Council, if His Lordship will be so good as to order the Officer in charge of the Guindy Jail to supply (free of charge) as usual a gang of convicts for the purpose of re-building the revetment and putting the roads in order.

No. 261. ORDER THEREON, 26th March 1868, No. 520.

The Governor in Council is pleased to direct that a gang of convicts be supplied, free of charge, from the Jail at Guindy, for the re-construction of the revetment and for the repair of the roads round the Little Mount, referred to in the foregoing letter from the Vicar General of Saint Thomé.

2. The works specified should be carried out with as little delay as possible.
